This is a collection of three stories that center around the British Monarchy centered in the great city of London England In a real and imaginative sense it controls the country and the British possessions through the world The monarchy is much more than a collection of people but ruling a large empire The country of Britain does in fact have an elected legislature but it is heavily influenced by the royalty The people of Britain love there monarchy and all aspects of everyday life is governed in some sense by the royalty Positions in the monarch are determined by inheritance The persons that make up the royalty are waited on head and toe by a working class of people who are handsomely rewarded Royal life is greatly influenced by customs What the royal persons and staff ae heavily determined by the royal leader i e the king or queen Those persons hold there positions for life and operate without a passport driver s license and ordinary credential required by everyday citizens Royal persons do operate as ordinary citizens as far as education and military requirements are concerned In fact marriage between a man and a woman are governed by customs and not ordinary law In such cases the husband has total control May persons say and rightly so that those persons are legally married Yet marital positions are heavily sought after Of course practically every person would like to be a prince or princess Royal men are expected to participate in activities such as polo hunting and shooting Royal women are expected to conform to royal behavior in dress and action Numerous customs are known by all royals with regard to dress action and normal household activities There are even culinary customs established by the queens The royal family is wealthy beyond belief In the modern world royal men attend a university and serve in the military usually as military officers Royal persons have no last name An unusual custom Socially royal men and women have behavioral signals that govern their personal aid and behavior For example if the queen is engaged in a situation she would like to terminate she transfers her purse from left to right arms and a royal aide recognizes the problem and remedies the situation forthwith The media and parparazzi in England have some control over what happens in the royal arena through newspapers television and everyday presence at royal events Some people think that the media has excessive power However it is one good way for the British population to know what is going on since the people effectively pay through taxes pay for the cost of have a royal country Persons entering the royalty for outside have immense pressure to conform and often experience extreme negative difficulties It is not normal for royal persons to leave the monarchy The book is a combination of three novels that describe the difficulties of royal life The main characters are Matt the mathematician the General a worldwide benefactor and other people such as Ashley Anna and Sir Charles Buzz Bunday all of whom you have met in other novels The book is a combination of three novels that describe the difficulties of royal life The main characters are Matt the mathematician the General a worldwide benefactor and other people such as Ashley Anna and Sir Charles Buzz Bunday all of whom you have met in other novels There are three novels The Mysterious Case of the Royal Baby The Curious Case of the Royal Marriage and The Auspicious Case of the General and the Royal Family The books may be read in any order but the

best result is to read them in order Each book is totally complete You will be enlightened and entertained Remember the books are novels and the people and the episodes are not true Moreover my usual writing customs apply no violence no sex and no bad language It thereby applies to readers of all ages It would be a good beach read     **Borderland** William Thomas Stead,1895     **The King** Christopher Andersen,2022-11-08 From 1 New York Times bestselling author Christopher Andersen comes a vivid and unsparing yet sympathetic portrait of one of the most complex and enigmatic figures of our time Charles who has taken his place on the throne after being the oldest and longest serving heir in British history Since the day Charles Philip Arthur George was born he has been groomed to be King After more than seventy years of waiting he finally ascends the throne The King examines the private life of this historically important and controversial figure set against the grand thousand year sweep of the British monarchy This richly detailed biography covers it all from his military training to his marriage to Lady Diana through their separation and her tragic death to his marriage to Camilla Parker Bowles In the process it provides a balanced but fully honest look into the life of the new monarch This book will tell you what the King a man who has remained something of an enigma shrouded in speculation and intrigue is really like The King is the first biography of Charles since he has become monarch and serves as an authoritative chronicle of his life     [A Royal Baby on the Way](#) Susan Mallery,2015-02-16 Worlds and hearts collide in this beloved tale by New York Times bestselling author Susan Mallery All pomp and play Princess Alexandra Wyndham gets a royal wake up call when a letter arrives at the palace alleging the rightful heir to her throne is alive Now she must travel to the ranch of the most majestic man she's ever met Cowboy Mitch Colton might be the key to finding her missing brother if she can keep her focus on the search instead of the sexy rancher Mitch is tight lipped when it comes to the whereabouts of his elusive stepbrother the suspected long lost heir but he grudgingly opens his home to Alexandra He can't seem to resist the regal beauty and it isn't long before he opens his heart to her as well But can their romance survive their abiding differences and the revelation of a royal baby on the way A Royal Baby on the Way was originally part of the Royally Wed miniseries which also featured the following titles Undercover Princess by Suzanne Brockmann The Princess's White Knight by Carla Cassidy The Pregnant Princess by Anne Marie Winston Man Mercenary Monarch by Joan Elliott Pickart A Royal Masquerade by Arlene James A Royal Marriage by Cara Colter A Royal Mission by Elizabeth August The Expectant Princess by Stella Bagwell The Blacksheep Prince's Bride by Martha Shields Code Name Prince by Valerie Parv An Officer and a Princess by Carla Cassidy     **Running the Family Firm** Laura Clancy,2021-09-28 In recent decades the global wealth of the rich has soared to leave huge chasms of wealth inequality This book argues that we cannot talk about inequalities in Britain today without talking about the monarchy Running the Family Firm explores the postwar British monarchy in order to understand its economic political social and cultural functions Although the monarchy is usually positioned as a backward looking archaic institution and an irrelevant anachronism to corporate forms of wealth and power the relationship between monarchy and capitalism is as old as capitalism itself This

book frames the monarchy as the gold standard corporation The Firm Using a set of case studies the Queen Prince Charles Prince Harry Kate Middleton and Meghan Markle it contends that The Firm s power is disguised through careful stage management of media representations of the royal family In so doing it extends conventional understandings of what monarchy is and why it matters
