## Royaute Renaibance Et Rforme 14831559:

*Renaissance Warrior and Patron* R. J. Knecht, Robert Jean Knecht, 1994 A paperback of Knecht's comprehensive account of one of France's most important monarchs     *Neptune and the Netherlands* Louis Sicking, 2004-06-01 This book investigates how the rulers of the Habsburg world empire developed and implemented a central maritime policy for the Netherlands and appointed an admiral of the sea or admiral general for that purpose It also explains why the Habsburgs were eventually unable to gain control of the maritime affairs of the Netherlands in spite of the support of the powerful Burgundian Lords of Veere who occupied the central position of admiral from 1491 to 1558 From their power base on the island of Walcheren in Zeeland known as the key to the Netherlands at the time because of its central location between Holland Flanders Antwerp and the sea they held an ideal vantage point for exercising the admiralty The result not only offers an illuminating insight into the organisation of the war fleet maritime trade and fishery privateering and prize law in the Habsburg Netherlands but also puts the success of the later Dutch Republic in a new perspective     **Calvin, A**

**Biography** Bernard Cottret, 2003-05-22 A major new authoritative and comprehensive biography shedding new light on the life and personality of the great Reformer and the milieu in which he lived and worked Cottret's Calvin is not the static theologian of earlier biographies but a man of enormous vigour constantly on the move in his thinking as well as in his life Professor Cottret introduces the reader to the world into which Calvin was born and follows him from childhood to humanistic and literary pursuits in Basel to ministry in Geneva to the halcyon Strasbourg years and finally back to Geneva The vital issues of the day are encountered as it were through Calvin's eyes as the author leads the reader through the dramatic upheavals of sixteenth century Europe A classic biography which will be an indispensable resource for students and scholars for years to come Praise for Calvin A tour de force Cottret has avoided the trap of painting a character who would have had from the beginning all of the traits of his later years and endeavours to show how Calvin became Calvin Brilliant Le Monde This excellent book regards the French Reformer with new eyes Cottret mixes seriousness and welcome humour For the public interested in a history of Protestantism this book is full of reflections of the spirit of the Reformation Les Livres du Mois Bernard Cottret is an accomplished and successful writer He has an idiosyncratic style that mixes narrative and professional bon mots of a cold philosophical nature Cottret is also the first of recent biographers to make extensive use of Calvin's sermons many of which languished unpublished until recently Calvin had grave doubts about the publication of such works and thought them fit only for a local and transitory audience but it is here in this less guarded medium that Calvin's skill as a teacher and expositor shines forth with greatest clarity English Historical Review     **Representing France and the French in Early Modern English Drama** Jean-Christophe Mayer, 2008 This wide ranging collection of essays written by leading specialists furnishes previously unpublished evidence of France's role and importance in the early modern English literary and dramatic fields Its chapter length introduction offers an up to date critical presentation of the issues involved

representation cultural identity the construction of otherness Frenchness and the social and cultural dynamics of theater The essays in the five sections of the book continue the debate with a series of in depth studies touching on important critical themes such as intertextuality old and new historicisms language semiotics and nationhood imagined geographies and stereotypes and social satire The book will appeal to students and specialists of Renaissance literature to scholars working on the construction of national identity and will be required reading for anyone interested in cultural exchange or comparative literature Jean Christophe Mayer is a senior research fellow at the French National Center for Scientific Research
