THEODORE S. GILBERT

Sexual Inversion The Multiple Roots Of Homosexuality

Judd Marmor

Sexual Inversion The Multiple Roots Of Homosexuality:

Sexual Inversion Judd Marmor, 1965 This book is an early work in the field of LGBTQA research Some essays are progressive for a work written in 1965 some are not The essays attempt to shed some light on homosexuality and even bisexuality through references to historical and contemporary ideas and research **Sexual Inversion. The Multiple Roots of Homosexuality. Edited by Judd Marmor** Judd MARMOR, 1965 Sexual Inversion Judd Marmor, 1973

Lesbianism: A Study in Female Homosexuality David H. Rosen, Rachel Rosen, 2020-09-23 This new edition of Lesbianism allows one to understand lesbianism as a way of life The original 1965 1966 research study is included in its entirety Unlike Freud who based his view that lesbianism was a mental disorder on a single case study this breakthrough and innovative research project concerns interviews and psychological testing of 26 lesbians who were not psychiatric patients And as one would predict these lesbians were not disturbed as far as mental health was concerned The original research was done before homosexuality was removed as a mental disorder It seems odd today to even consider Freud's view as accurate We have come a long way in recognizing that one's sexual preference is just that This study was a pioneering one that disproved a false idea that lesbianism was evidence of an emotional disorder And this 2020 edition includes a conversation about the book with Rachel Rosen who is a lesbian The dialogue between the author and his daughter provides insightful questions and a true understanding of lesbianism **Psychoanalysis and Male Homosexuality** Kenneth

Lewes, 2009-03-26 This landmark book is the first and only historical cultural and theoretical account of how male homosexuality has been viewed and frequently misconstrued and distorted by the psychoanalytic tradition from Freud through the 1980s In this groundbreaking survey Kenneth Lewes shows how the original psychoanalytic ideals of understanding and compassion were betrayed by later psychoanalytic clinicians and theorists Reconsidering Freud and his early followers in a new light Lewes shows how they posited a model of psychological development that included homosexuality as one of its natural variants But psychoanalysis in its later attitudes toward homosexuality soon changed from an open minded and humane discipline into an insular and calcified orthodoxy Exposing the basis of the acrimony and alienation that have characterized relationships between homosexuals and psychoanalysis Psychoanalysis and Male Homosexuality is a sometimes shocking account of intolerance hostility and close mindedness But it also carefully and fairly documents a parallel story of unexpected sensitivity as it explores the future possibilities as well as the limits of psychoanalysis as a humane science This twentieth anniversary edition includes a new introduction by the author in which he reflects on the changes that have occurred in the past twenty years between the psychoanalytic establishment and people who are homosexual It also includes two forewords by prominent analysts Gilbert Cole and Donald Moss who discuss the personal and historical importance of Lewes's work Social Perspectives in Lesbian and Gay Studies Peter M. Nardi, Beth E. Schneider, 2013-09-13 This comprehensive reader brings a social science perspective to an area hitherto dominated by the

humanities Through it students will be able to follow the story of how sociology has come to engage with gay and lesbian issues from the 1950s to the present from the earliest research on the underground worlds of gay men to the emergence of queer theory in the 1990s Bringing together classic readings and the best work of younger scholars from all parts of the English speaking world this reader will be an invaluable resource for courses at undergraduate and graduate level in all areas of the sociology of sexuality and gender Separate sections cover theoretical foundations identity and community making institutions and social change challenges for the future Each section begins with an introduction giving readers a brief guide to the readings in that section contextualises them and relates them to one another and the book ends with an afterword by Ken Plummer summing up the present state of play and looking forward to the future

Sexual Conversion Therapy Jack Drescher,Ariel Shidlo,Michael

Schroeder, 2018-10-08 Hear the other side of the story on sexual conversion therapy In their fervor to fix homosexuals practitioners of sexual conversion therapies have often overlooked or completely dismissed the possible psychological and social side effects of such treatments Sexual Conversion Therapy Ethical Clinical and Research Perspectives works to counterbalance the clinical and ethical omissions of overzealous therapists who have focused on efficacy and outcome at the expense of their patients self esteem Sexual Conversion Therapy features first person accounts of patients and clinicians including psychotherapists who themselves have undergone treatments ranging from psychoanalysis to religious faith healing to aversion behavior conditioning and even electroshock therapy In addition to examining the history and ethics of conversion therapy the book presents empirical data on current practice and recovery processes for survivors of failed conversion attempts Sexual Conversion Therapy presents current perspectives on the harmful impact of sexual orientation interventions including Cures A Gay Man s Odyssey Becoming Gay A Psychologist s Journey Through the Ex Gay Movement Therapeutic Antidotes Gay and Bisexual Men Recover from Conversion Therapies I m Your Handyman A History of Reparative Therapies Nearly 30 years after the American Psychiatric Association removed homosexuality from the Diagnostic and Statistical Manual of Mental Disorders a small but dedicated group of mental health practitioners continues to diagnose and treat homosexuality as a mental illness Sexual Conversion Therapy is an essential alternative to the bulk of published material that champions treatments that produce a handful of heterosexuals cured of their illness while inflicting emotional and psychological damage on countless gay and lesbian patients who failed to convert
