Sexual Ecology

Neil Carr, Yaniv Poria

Sexual Ecology:

Sexual Ecology Gabriel Rotello, 1998 AIDS and the Destiny of Gay Men This is the most important book about AIDS since Randy Shilts' *And the Band Played On* And it is far better than Martin Duberman's *The Nation* Beyond Sexuality Tim Dean, 2000-09 *Beyond Sexuality* points contemporary sexual politics in a radically new direction Combining a psychoanalytic emphasis on the unconscious with a deep respect for the historical variability of sexual identities this original work of queer theory makes the case for viewing erotic desire as fundamentally impersonal Tim Dean develops a reading of Jacques Lacan that rather than straightening out this notoriously difficult French psychoanalyst brings out the queer tensions and productive incoherencies in his account of desire Dean shows how the Lacanian unconscious deheterosexualizes desire and along the way he reveals how psychoanalytic thinkers as well as queer theorists have failed to exploit the full potential of this conception of desire The book elaborates this by investigating social fantasies about homosexuality and AIDS including gay men's own fantasies about sex and promiscuity in an attempt to illuminate the challenges facing safe sex education Taking on many shibboleths in contemporary psychoanalysis and queer theory and taking no prisoners *Beyond Sexuality* offers an antidote to hagiographical strains in recent work on psychoanalysis Foucault and sexuality Focus, 1997 Sex and the Sexual during People's Leisure and Tourism Experiences Neil Carr, Yaniv Poria, 2010-05-11 Sex and the sexual have for far too long been consigned to the dark corners by social scientists in general and tourism and leisure scholars in particular *Sex and the Sexual During People's Leisure and Tourism Experiences* seeks to begin to rectify this situation by bringing the position and nature of sex and the sexual into the light of academic debate As such this book is designed to highlight cross disciplinary emerging work on sex and the sexual in leisure and tourism and provide the readers with insights into this social realm It encompasses a broad array of sex related issues and tourism and leisure environments from across a variety of countries The book should appeal to researchers and students across the humanities and social sciences both for the value of the research in its own right and the ability of it to be used as a lens through which to view the position of sex and the sexual as well as tourism and leisure in today's world Overall it is argued that sex and the sexual should play a part in the academic discourse especially if we wish to describe what is actually happening out there as far as tourism and leisure are concerned

Sexegesis: An Evangelical Response to Five Uneasy Pieces on Homosexuality, *Sexegesis: An Evangelical Response to Five Uneasy Pieces on Homosexuality* is written by a collaboration of Australian biblical teachers and experienced pastors addressing the vexed issue of homosexuality *Sexegesis* or sexual interpretation shows that the traditional reading of Scripture as against homosexual practice but for homosexual people still makes best sense of the Bible text This is contrary to the more liberal revisionist reading of Scripture in *Five Uneasy Pieces* The Bible's teaching on sexuality is unambiguous as it is life affirming both for homosexuals and heterosexuals This book skillfully balances biblical clarity with pastoral sensitivity compelling all Christians to engage in genuine dialogue with it and with each other Sexual Inequalities and

Social Justice Niels Teunis, Gilbert H. Herdt, 2007 This pioneering collection of ten ethnographically rich essays signals the emergence of a new paradigm of social analysis committed to understanding and analyzing social oppression in the context of sexuality and gender The contributors an interdisciplinary group of social scientists representing anthropology sociology public health and psychology illuminate the role of sexuality in producing and reproducing inequality difference and structural violence among a range of populations in various geographic historical and cultural arenas In particular the essays consider racial minorities including Hispanics Koreans and African Americans discuss disabled people examine issues including substance abuse sexual coercion and HIV AIDS and delve into other topics including religion and politics Rather than emphasizing sexuality as an individual trait the essays view it as a social phenomenon focusing in particular on cultural meaning and real world processes of inequality such as racism and homophobia The authors address the complex and challenging question of how the research under discussion here can make a real contribution to the struggle for social justice

Sexualities: Difference and the diversity of sexualities Kenneth Plummer, 2002 Volume 3 Difference and Diversity of Sexualities This section examines the politics power and critique of sexual categories including bisexuality sex addiction prostitution and sadomasochism *Women Who Love Sex* Gina Ogden, 2007-09-11 Wonderful sex does more than melt both body and soul it brings power energy and deep satisfaction to all aspects of our lives In this unique book women who consider themselves highly sexually responsive talk in intimate detail about what gives them the greatest pleasure They redefine sex based on how women really experience sexual pleasure confirming what every woman knows instinctively while creating a new language that every woman will understand Based on extensive one on one interviews conducted by Dr Ogden with hundreds of women this thought provoking wise and unprecedented book transforms how we view sex by giving us new ways to think about sexual pleasure To learn more about the author Gina Ogden go to www.ginaogden.com **After**

Homosexual Carolyn D'Cruz, Mark Pendleton (Lecturer), 2014 Forty years after the publication of Dennis Altman's classic *Homosexual Oppression and Liberation* this collection of memoir political reflection and creative non fiction brings together an exemplary line up of writers spanning generations that have both shaped and inherited the legacy of gay liberation and its intersections with other social movements Page 4 of cover Treating Out of Control Sexual Behavior Douglas

Braun-Harvey, Michael A. Vigorito, 2015-11-05 Out of control sexual behavior referred to variously as sex addiction sexual compulsivity and hypersexuality among other terms has been a controversial and attention getting issue since it first captured both public and professional attention over 30 years ago Previous discussions of this behavior have been grounded in conceptualizing it as a pathologized medical issue on par with substance abuse addictions or in backlash as simply irresponsible behavior indicating weakness in the individual In keeping with the call from many leaders in the mental health and sexual health areas to move beyond these two polarized conceptualizations of these sexual behavior problems the authors present a model for working with clients in both group and individual treatment settings Based on their experience

with hundreds of clients this book provides a comprehensive and practical conceptualization of out of control sexual behavior framed as a sexual health problem within a larger model of human behavior not a psychiatric or addictive disorder The book includes step by step tools for assessment treatment planning as well as treatment implementation It describes a process for professionals to guide clients to define and be accountable for their own personal vision of sexual health as the foundation on which they regain sexual behavior control The authors provide rich and varied composite case examples based on 20 years of clinical experience that demonstrate clinician sexual health treatment conversations and tools as well as stories of hope and guidance so essential to individuals wanting to understand how sexual health can be the essential ally in changing their sexual behavior
