**Ian Newman**

## **Sexual Politics And The Romantic Author:**

Sexual Politics and the Romantic Author Sonia Hofkosh, 1998-06-18 Exploring a range of early nineteenth century cultural materials from canonical poetry and critical prose to women's magazines and gift book engravings *Sexual Politics and the Romantic Author* offers new perspectives on the role of gender in Romanticism's defining paradigms of authorship The Romantic author's claim to individual agency is complicated by its articulation in a market system perceived to be impelled in large part by fantasies of female desire by what women read and write what they buy and sell how they look and where they look for pleasure These studies in the contested public spaces of literary labour elaborate the fundamental if invisible function of the woman as embodiment of authorial ambivalence in writing by Austen Byron Coleridge William Hazlitt Sarah Hazlitt Leigh Hunt Keats Mary Shelley William Wordsworth and others The Romantic Tavern Ian

Newman, 2019-03-28 An examination of taverns in the Romantic period with a particular focus on architecture and the culture of conviviality **A Companion to Jane Austen** Claudia L. Johnson, Clara Tuite, 2011-10-13 Reflecting the dynamic and expansive nature of Austen studies *A Companion to Jane Austen* provides 42 essays from a distinguished team of literary scholars that examine the full breadth of the English novelist's works and career Provides the most comprehensive and up to date array of Austen scholarship Functions both as a scholarly reference and as a survey of the most innovative speculative developments in the field of Austen studies Engages at length with changing contexts and cultures of reception from the nineteenth to the twenty first centuries *Staël, Romanticism and Revolution* John Claiborne Isbell, 2023-08-17 Combating two centuries of sexism this radical overview of Staël in context reveals a major player in Revolution and Romanticism

European Literatures in Britain, 1815-1832: Romantic Translations Diego Saglia, 2018-10-18 Studies of British Romanticism have traditionally tended to envisage it as an intensely local indeed insular phenomenon Yet just as the seemingly isolated British Isles became more and more central in international geo political and economic contexts between the 1780s and the 1830s so too literature and culture were characterized by an increasingly close and relevant dialogue with foreign and especially Continental European traditions both past and contemporary Diego Saglia casts new light on the significantly transformative impact of this dialogue on Britain during the years that saw a return to unimpeded cross border cultural traffic after the end of the Napoleonic emergency Focusing on modes of translation and appropriation in a variety of literary and cultural forms this book reconsiders the notion of the supposed intrinsic insularity of Britain through the lens of new key questions about the national international and transnational features of Romantic period literature and culture

*Urbanization and English Romantic Poetry* Stephen Tedeschi, 2018 This book re-orientates the relationship between urbanization and English Romantic poetry by focusing on urban aspects of Romantic poems **Romanticism and Caricature** Ian Haywood, 2013-10-24 A lively richly illustrated study of iconic caricatures showing the interrelationship between art satire and politics in the Romantic period **Caricature and Realism in the Romantic Novel** Olivia

Ferguson,2023-11-02 A counter intuitive history of literary caricature exploring how caricature helped make the realist novel in the Romantic period      Romantic Poets and the Culture of Posterity Andrew Bennett,1999-12-02 This 1999 book examines the way in which the Romantic period s culture of posterity inaugurates a tradition of writing which demands that the poet should write for an audience of the future the true poet a figure of neglected genius can be properly appreciated only after death Andrew Bennett argues that this involves a radical shift in the conceptualization of the poet and poetic reception with wide ranging implications for the poetry and poetics of the Romantic period He surveys the contexts for this transformation of the relationship between poet and audience engaging with issues such as the commercialization of poetry the gendering of the canon and the construction of poetic identity Bennett goes on to discuss the strangely compelling effects which this reception theory produces in the work of Wordsworth Coleridge Keats Shelley and Byron who have come to embody for posterity the figure of the Romantic poet      Romanticism and Theatrical Experience Jonathan Mulrooney,2019-01-10 Bringing together studies in theater history print culture and literature this book offers a new consideration of Romantic period writing in Britain Recovering a wide range of theatrical criticism from newspapers and periodicals some of it overlooked since its original publication in Regency London Jonathan Mulrooney explores new contexts for the work of the actor Edmund Kean essayist William Hazlitt and poet John Keats Kean s ongoing presence as a figure in the theatrical news presented readers with a provocative re imagining of personal subjectivity and a reworking of the British theatrical tradition Hazlitt and Keats in turn imagined the essayist and the poet along similar theatrical lines reframing Romantic prose and poetics Taken together these case studies illustrate not only theater s significance to early nineteenth century Londoners but also the importance of theater s textual legacies for our own re assessment of Romanticism as a historical and cultural phenomenon
