## **Sexual Symbolism A History Of Phallic Wo:**

*Sexual Symbolism* Richard Payne Knight, Thomas Wright, 2006-01-01 Comprising two works this is a pioneering volume on a taboo subject Characterized by a systematic approach it has served as a foundation for subsequent studies Sexual Symbolism ,1966 **The Encyclopædia of Sexual Behaviour** Albert Ellis, Albert Abarbanel, 2013-10-22 The Encyclop dia

of Sexual Behaviour Volume Two is an encyclopedia of sexual behavior and covers topics ranging from the linguistic aspects of sex to sex life in Latin America sex in the literature and sexual love Laws on marriage and family and on sex crimes are also discussed along with sexual perversions and the art of loving Comprised of 52 chapters this volume first deals with Judaism s attitudes and teachings on sex particularly with regard to the sexuality of women nudity and prostitution The reader is then introduced to the connection between language and sex sex life in regions such as Latin American the Orient and the Soviet Union and the portrayal of sex in literature Subsequent chapters explore sexual love as opposed to altruistic love marriage and family living menopause and the menstrual cycle movement and feeling in sex the interrelationship of music and sex and the effects of nutrition and health on sexuality Other chapters focus on phallicism and sexual symbolism planned parenthood around the world the psychology of pornography human reproduction and sex in relation to race and Protestantism This book will be of interest to psychologists and psychiatrists **Pornography and Sexual Representation**

Joseph W. Slade, 2001 A three volume reference guide to the available literature concerning pornography and sexual representation in America **Primitive Symbolism, as Illustrated in Phallic Worship** Hodder Michael Westropp, 1885

**The Other Mary Shelley** Audrey A. Fisch, Anne Kostelanetz Mellor, Esther H. Schor, 1993 Although Frankenstein is now widely read little attention has been paid to the considerable corpus of Mary Shelly s other works Ironically the excitement of the last decade of feminist approaches to Frankenstein has obscured the persona of its author This book presents the other Mary Shelley the writer whose shrewd assessments of Romanticism gender and society resonate strongly in the setting of contemporary politics culture and feminism Encyclopedia of Sacred Places Norbert C. Brockman, 2011-09-13 Now thoroughly revised and updated this encyclopedia documents the diversity of shrines temples holy places and pilgrimage sites sacred to the world s major religious traditions and illustrates their elemental place in human culture As interest increases in the role of world religions in history and international affairs the new edition of Encyclopedia of Sacred Places which arrives 15 years after the publication of the original edition provides new and updated information on site specific religious practice and spiritually significant locations around the globe While many of the entries describe specific places like the Erawan Shrine and the Rock of Cashel others examine types of sacred sites pilgrimages and practices With articles that describe both the places and their associated traditions and history this reference book reveals the enormous diversity and cultural significance of religious practice worldwide For students and teachers of classes ranging from high school geography to university level courses in religious studies geography anthropology and sociology this book provides essential

reference on places of great significance to the world's various faith traditions      **The A.S.M.R.** Asheru Romancha, 2024-02-12 This book shows the automatic spontaneous intelligent design from a feedback loop between the right hemisphere matching by form and the resulting sacred fractal geometry of self-similar sexual mimicry in the four-dimensional human body. He shows how this is done through the ASMR and thrill intelligence. The missing link is no longer missing. His book is a magnum opus on the alchemy of this subject      The Sex of Men in Premodern Europe Patricia Simons, 2011-10-13 A richly textured cultural history that investigates the characterization of the sex of adult male bodies before the Enlightenment      *Veils, Nudity, and Tattoos* Thorsten Botz-Bornstein, 2015-08-27 At first sight tattoos, nudity, and veils do not seem to have much in common except for the fact that all three have become more frequent, more visible, and more dominant in connection with aesthetic presentations of women over the past thirty years. No longer restricted to biker and sailor culture, tattoos have been sanctioned by the mainstream of liberal societies. Nudity has become more visible than ever on European beaches or on the internet. The increased use of the veil by women in Muslim and non-Muslim countries has developed in parallel with the aforementioned phenomena and is just as striking. Through the means of conceptual analysis, *Veils, Nudity, and Tattoos: The New Feminine Aesthetics* reveals that these three phenomena can be both private and public, humiliating and empowering, and backward and progressive. This unorthodox approach is traced by the three similar social and psychological patterns, and by doing so, *Veils, Nudity, and Tattoos* hopes to sketch the image of a woman who is not only sexually emancipated and confident but also more and more aware of her cultural heritage.
