A Moment with Grace Nicholas Goodman,2020-09-22 Life can only truly be celebrated when the lamentation of its loss has been fully embraced A Moment with Grace follows one man s beautiful heartbreaking and redemptive journey on his quest to find the meaning of life Travelling throughout Greece France and England he explores the heights of love and experiences the depths of grief at times with his beloved Grace by his side and at times alone His diary is his constant companion offering a place for exploration reflection questions and sanctuary Its pages hold poetry love letters and a blossoming philosophy of life love and loss Are the questions of love and loss unanswerable Perhaps we are all just at the mercy of fate or divine forces Yet meaning might be found if we look in the right places if we are open to the wisdom born of our experiences Aeneas Takes the Metro Fiona Cox,2017-12-02 This study traces Virgil s journey through twentieth

century France by examining his profile in the works of Gide Aragon Valery Pagnol Klossowski Butor Simon and Pinget and by looking at how their Virgilian appropriations complement and modify current readings of the Aeneid and other works His presence in these works provides insights not only into modern French culture but into the Virgilian oeuvre itself This process of mutual illumination is highlighted in Cox s argument by theories of intertextuality and dialogism Although Virgil s presence in French literature is characterized by its focus on exile and uncertainty Cox s study reaffirms the multivalency of this great European poet and his continuing relevance at the turn of the millennium **Finding Gold in the Golden Years**
