Shadow Of The Past:

Shadows of the Past Andrea Manning, 2019-08-08 She lives in the shadow of another's past Princess Raven only ever wanted one thing to become the beloved queen of her people Since the day she was born she'd received nothing but fear and hatred from those around her all because her familiar happens to be reminiscent of the beast controlled by the tyrant king of ages past Was it her fault her lifelong companion Eclipse was a dragon of bones and shadows With few other options Raven waited patiently for her time to come But everything all her hopes and dreams were stolen from her in the blink of an eye Little did she know that there were much bigger problems to worry about Her home the Night Kingdom was steadily falling into an unnatural and perpetual darkness Raven and Eclipse set out leaving home for the first time in search of a magical relic to restore the balance of the Night Kingdom and earn their rightful places among their people But it won't be as easy as it sounds for the world outside is far bigger and stranger than they could've ever anticipated They won't be traversing it alone though Whether they like it or not they'll be accompanied by the most unlikely of allies Raven will need to cope with this new thing called friendship and learn how to place her trust in others if she ever wants to claim what she believes is meant to be hers
