Shadowed Ground America S Landscapes Of Violence And Tragedy:

Shadowed Ground Kenneth E. Foote, 2013-12-06 Winner John Brinkerhoff Jackson Prize Association of American Geographers 1997 *Shadowed Ground* explores how and why Americans have memorialized or not the sites of tragic and violent events spanning three centuries of history and every region of the country For this revised edition Kenneth Foote has written a new concluding chapter that looks at the evolving responses to recent acts of violence and terror including the destruction of the Branch Davidian compound at Waco Texas the Oklahoma City bombing the Columbine High School massacre and the terrorist attacks of 9 11

Shadowed Ground Kenneth E. Foote, 1997 From the battlefield at Gettysburg to the Oklahoma City block where the Alfred P Murrah Federal Building once stood sites of violence and tragedy have left indelible marks on the American landscape Some have become places of pilgrimage where visitors mourn losses learn lessons from the tragedy and experience renewal Others became empty places where nothing remains to commemorate or even to mark the occurrence In this pioneering book Kenneth E Foote explores how and why Americans have memorialized or not the sites of tragic and violent events Drawing on years of travel and reflection he traces the history of sites spanning three centuries and every region of the United States Foote deduces that Americans usually react to the scenes of tragedy in one of four ways Many places undergo public sanctification such as Memphis Lorraine Motel where Martin Luther King Jr was assassinated Some are simply designated with a marker while others are rectified and returned to normal use Those that produce shame and revulsion are often obliterated and left empty These differing reactions to sites of violence offer an important new perspective to the debate over violence in American society

The Storied Landscape of Iroquoia Chad L. Anderson, 2020-05 *The Storied Landscape of Iroquoia* explores the creation destruction appropriation and enduring legacy of one of early America s most important places the homelands of the Haudenosaunees also known as the Iroquois Six Nations Throughout the late seventeenth eighteenth and early nineteenth centuries of European colonization the Haudenosaunees remained the dominant power in their homelands and one of the most important diplomatic players in the struggle for the continent following European settlement of North America by the Dutch British French Spanish and Russians Chad L Anderson offers a significant contribution to understanding colonialism intercultural conflict and intercultural interpretations of the Iroquoian landscape during this time in central and western New York Although American public memory often recalls a nation founded along a frontier wilderness these lands had long been inhabited in Native American villages where history had been written on the land through place names monuments and long remembered settlements Drawing on a wide range of material spanning more than a century Anderson uncovers the real stories of the people Native American and Euro American and the places at the center of the contested reinvention of a Native American homeland These stories about Iroquoia were key to both Euro American and Haudenosaunee understandings of their peoples pasts and futures For more information about *The Storied Landscape of Iroquoia* visit storiedlandscape.com

Geography in America at the Dawn of the 21st Century Gary L. Gaile,Cort J. Willmott,2005 Geography in America at the Dawn of the 21st Century surveys American geographers current research in their specialty areas and tracks trends and

innovations in the many subfields of geography As such it is both a state of the discipline assessment and a topical reference It includes an introduction by the editors and 47 chapters each on a specific specialty The authors of each chapter were chosen by their specialty group of the American Association of Geographers AAG Based on a process of review and revision the chapters in this volume have become truly representative of the recent scholarship of American geographers While it focuses on work since 1990 it additionally includes related prior work and work by non American geographers The initial Geography in America was published in 1989 and has become a benchmark reference of American geographical research during the 1980s This latest volume is completely new and features a preface written by the eminent geographer Gilbert White

Rhetorics Haunting the National Mall Roger C. Aden, 2018-09-15 Rhetorics Haunting the National Mall Displaced and Ephemeral Public Memories vividly illustrates that a nation's history is more complicated than the simple binary of remembered/forgotten Some parts of history while not formally recognized within a commemorative landscape haunt those landscapes by virtue of their ephemeral or displaced presence Rather than being discretely contained within a formal sites these memories remain public by lingering along the edges and within the crevices of commemorative landscapes By integrating theories of haunting place and public memory this collection demonstrates that the National Mall often referred to as the nation's front yard might better be understood as the nation's attic because it hides those issues we do not want to address but cannot dismiss The neatly ordered installations and landscaping of the National Mall if one looks and listens closely reveal the messiness of US history From the ephemeral memories of protests on the Mall to the displaced but persistent presences of inequality each chapter in this book examines the ways in which contemporary public life in the US is haunted by incomplete efforts to close the book on the past

Navigating Memorialization and Commemoration on U.S. Campuses Mahauganee D. Shaw Bonds, 2022-01-31 Drawing on rich qualitative data as well as theoretical and conceptual frameworks this text explores how institutions of higher education in the US can effectively remember incidents of campus crisis through physical memorials and commemoration Recognizing memorialization as a process of group and individual recovery the book foregrounds the performative functions of physical memorials and highlights their utility for the extended campus community Profiling existing campus memorials in the US and offering insights from students/faculty/community members and the loved ones of those memorialized the text illustrates how institutional decisions and long term strategy can serve to effectively navigate the politics of memorialization helping communities move beyond incidents of collective trauma This text will benefit researchers/academics and educators with an interest in emergency management student affairs practice and higher education administration and commemorative literature more broadly Those specifically interested in heritage studies/public history and American history will also benefit from this book

Spontaneous Shrines and the Public Memorialization of Death J. Santino, 2016-04-30 This is an edited volume of approximately 17 essays that deal with various types of spontaneous shrines and other related public memorializations of death The articles address events

such as New York after 9 11 roadside crosses and the use of Day of the Dead altars to bring attention to deceased undocumented immigrants
