Morgan,2022-07-02 Libby Madsen professional massage therapist and co owner of the luxurious Dharma Inspired Day Spa has probably heard it all During what she thinks of as tabletop confessions her clients often talk about way more of their personal lives than she really wants to hear So when a regular Maggie Crenshaw talks about how her daughter went away on a camping trip with friends it s just so much chatter But when Maggie says Isobel didn t return home on time is not answering her phone and that the young woman is diabetic and really needs her meds Libby offers to pick up the medications at Maggie s house and deliver them she and her Labrador puppy Shadow are going camping in the same area and it s no trouble at all Except when Libby and Shadow arrive at the campground Isobel is nowhere to be found and no one there has seen her or the group of friends she claimed to be traveling with Libby enlists the help of handsome Forest Ranger Greg Lawson but even he can t find anyone who has seen the girl The fact that she s now been without her insulin for several days is worrisome and Greg initiates a Search and Rescue operation Libby and Shadow join Greg and the volunteers to search the adjoining camping areas Some shady characters and a few clues do turn up But no Isobel Libby becomes convinced that something more sinister is going on and she s determined to find out what has happened little knowing that her own life may be in danger as she gets too close to the truth Praise for Jennifer J Morgan s Libby Madsen cozy mystery series Readers know what a sucker I am for dogs and the Libby Madsen mysteries are some of the best I love love love Shadow and Libby and the adventures they get themselves into Jennifer J Morgan is destined to be one of the brightest new stars in the cozy mystery scene Connie Shelton USA Today bestselling author Shadows of Being Marko Uršič,2019-01-15 This book is a study of the phenomena of shadows meant in a broader sense as symbolic forms The shadow is a less real surface replica of some more real form From the Platonic point of view empirical objects are shadows of ideas while from the modern natural point of view shadows are seen and conceived primarily as weaker replicas of bodies which give evidence of their material reality In the first three essays here several

topics from the Ancient Egypt and Greece to modern arts and sciences are considered while in the fourth essay the contemporary virtual reality cyber technology and the internet as our parallel shadow world are discussed from the philosophical point of view The main and innovative point of this book is the connection between the meaning of shadows in philosophy and art on the one hand and their role in modern science and technology on the other The book will appeal to a wide span of readers from academic circles students and artists to the general reader interested in the humanities especially in philosophy and art
