Shake Hands With The Serpent:

Shake Hands with the Serpent Charles David Lipsig, 2003-09-01 Lipsig's first poetry collection ranges from political sonnets to musings on the smell of an aspirin bottle to the futuristic ballad of a space faring goat **The Serpent's Kiss** Mark Terry, 2007 Derek Stillwater bioterrorism expert for the Department of Homeland Security already has his bags packed for vacation when he gets the call Sarin gas attack on a Detroit restaurant Fifty two dead The killer calls himself the Serpent and demands three million dollars If he is not paid on time more people will die Special Agent Jill Church is assigned to keep tabs on Stillwater While the FBI brass are playing politics with the press Stillwater and Church discover a disturbing link to a cult responsible for the sarin attacks on a Japanese subway Furious at Stillwater's unorthodox methods the FBI demands his immediate arrest Now suspended from the case Church knows that she and Stillwater are the only ones who can stop the Serpent from releasing sarin gas at a concert 21 000 lives are at stake including her own son's **The Serpent's Gambit** David M. Couchman, 2014-01-07 First one then four Four sets of human remains with alarming things in common All four had been military active duty All four had disappeared from Roswell Army Air Base in 1947 All four had the same physical anomalies All four had military records that were classified Unraveling the cord of mystery takes local citizens and a small knot of Army personnel on a trail that leads through Area 51 to the White House from Moscow to deep space and through a maze of people who are not who or even what they seem to be Who do you trust if anyone at all **The Serpent's Song** S. Robertson, 2015-05-26 In the previous book *The Celtic Serpent* after a diagnosis of cancer and the death of her grandmother Angi Talismann found herself on an incredible journey Shackled to an unstable piece of ancient technology in the form of a medallion she and her colleagues were forced to locate lost medallion gemstones which had been scattered to different countries in the seventeenth century Close on their heels was a resolute killer bent on acquiring the medallion Tracking down the descendants of old Irish and Scottish families assigned to protect this ancient treasure proved a daunting task Eventually locating the gemstones the initial stage of their venture ended with twelve individuals stepping through a golden serpent gate on the Hill of Tara in Ireland propelling them into another world While stating they would return in three months its assurance was uncertain The journey continues in this book Angi and her companions quickly adapt to their new environment on Tir na nOg the land of the Tuatha de Danann deemed to be the ancient gods of the Irish Here they learn that their escort Sirona is a distinguished member of the kingdom and her ancestor Myttrwn is a gifted scientist and magician supposedly centuries old in Earth terms Under Myttrwn's guidance the twelve discover a different perspective of the universe learn the healing and destructive powers of light and sound and gain some insight into their future role while Angi takes her first steps in mastering the complexities of her medallion Yet with all the goodwill a powerful individual Zolar is displeased with their presence in Tir na nOg and Angi's possession of such advanced technology He sets out to rectify this matter in his own treacherous way The journey to Tir na nOg for the twelve travellers would create an indelible imprint on
