Patricia Parker and Geoffrey Hartman

Shakespeare And The Question Of Theory

Pauline Kiernan

Shakespeare And The Question Of Theory:

Shakespeare and the Question of Theory Geoffrey H. Hartman, Patricia Parker, 2004-06-01 The theoretical ferment which has affected literary studies over the last decade has called into question traditional ways of thinking about classifying and interpreting texts Shakespeare has been not just the focus of a variety of divergent critical movements within recent years but also increasingly the locus of emerging debates within and with theory itself This collection of essays written by distinguished and powerful critics in the fields of literary theory and Shakespeare studies is intended both for those interested in Shakespeare and for those interested more generally in the emerging debates within contemporary criticism and theory *The Oxford Companion to Shakespeare* , Shakespeare and the Future of Theory François-Xavier Gleyzon, Johann Gregory, 2017-10-02 Shakespeare and the Future of Theory convenes internationally renowned Shakespeare scholars and scholars of the Early Modern period and presents discusses and evaluates the most recent research and information concerning the future of theory in relation to Shakespeare s corpus Original in its aim and scope the book argues for the critical importance of thinking Shakespeare now and provides extensive reflections and profound insights into the dialogues between Shakespeare and Theory Contributions explore Shakespeare through the lens of design theory queer theory psychoanalysis Derrida and Foucault amongst others and offer an innovative interdisciplinary analysis of Shakespeare s work This book was originally published as two special issues of English Studies **Shakespeare's Tragedies and Modern Critical Theory** James Cunningham, 1997 Individual chapters deal with cultural materialism new historicism poststructuralism and feminist criticism The theoretical basis of each critical mode is examined and some representative critiques analyzed Most importantly in each chapter the various interpretations are tested against Shakespeare s texts and the strengths and weaknesses of the different readings are assessed **Shakespearean Tragedy and Gender** Shirley Nelson Garner, Madelon Sprengnether, 1996-02-22 Shakespeare is not our contemporary the contributors to Shakespearean Tragedy and Gender emphatically conclude yet coping with his cultural influence is never a simple matter Ranging from Shakespeare s earliest attempts at tragedy in Richard III and Titus Andronicus this volume covers the major tragic period giving special attention to Othello Back cover *Shakespeare's Troilus and Cressida* Roger Apfelbaum, 2004 Theater history and bibliography exist on the fringes of dramatic criticism rarely influencing studies outside their fields and even less often combined with each other There is however much to be gained from a dialogue between theatrical choices and textual problems There are nearly five hundred substantive differences between the 1609 Quarto and 1623 Folio versions of Shakespeare s Troilus and Cressida and many more instances where editors rewrote the dialogue and stage directions This book studies a selection of variants and emendations in Troilus and Cressida with extensive reference to the theater history of the passages showing how production decisions can provide a valuable commentary on editorial questions

Shakespeare's Theory of Drama Pauline Kiernan, 1998-07-23 Why did Shakespeare write drama Did he have specific

reasons for his choice of this art form Did he have clearly defined aesthetic aims in what he wanted drama to do and why Pauline Kiernan opens up a new area of debate for Shakespearean criticism in showing that a radical complex defence of drama which challenged the Renaissance orthodox view of poetry history and art can be traced in Shakespeare s plays and poems This study first published in 1996 examines different stages in the canon to show that far from being restricted by the limitations of drama Shakespeare consciously exploits its capacity to accommodate temporality and change and its reliance on the physical presence of the actor This lively readable book offers an original and scholarly insight into what Shakespeare wanted his drama to do and why

Shakespeare in Theory Stephen Bretzius,1997 Witty and engaging essays on the links between contemporary literary theory and Shakespearean theater

The Shakespeare Authorship Question and Philosophy Michael Quinn Dudley,2023-10-17 For nearly 200 years people have questioned the identity of Shakespeare however this debate is often dismissed by most scholars as just a conspiracy theory with the life of the poet playwright being beyond doubt And yet the documented facts related to the man from Stratford are meagre where they exist at all forcing biographers to rely heavily on their own imaginations What does it mean to say that the traditional stance on Shakespeare s authorship is a belief as opposed to a search for knowledge What are the ethical implications of declaring that some history is beyond doubt and that no debate about it may be permitted What can theories of knowledge truth and rhetoric tell us about how knowledge of Shakespeare has been constructed and justified To the extent that this belief has consequences for society can it then be said to be an ethical one Finally what difference does it actually make from a pragmatic perspective who the Author was Highly original in its scope The Shakespeare Authorship Question and Philosophy sets out the debate s many profound philosophical dimensions concerning knowledge historiography truth and academic freedom implications that transcend the debate itself

Shakespeare and Disability Theory Genevieve Love,2025-10-16 Shakespeare and Disability Theory serves as a guide to the intersections of Shakespeare studies and disability studies Intervening in contemporary critical debates about recognizing disability representations in dramatic texts Genevieve Love explores the stakes of embodying disability in Shakespearean performance After tracking the emergence of critical disability studies as a field Love maps out how claims from disability theory influence and continue to transform Shakespeare studies Through methodologies of literary disability studies the volume provides fresh readings of a range of Shakespeare texts illustrating the power of disability theory to reframe familiar ideas in Shakespeare and to illuminate unfamiliar ones While the archetypal Richard III provides an extended case study that highlights performance choices by disabled actors and contemporary appropriations of disability Love s close readings move beyond Shakespeare s representations of singular disabled characters Plays such as Julius Caesar and King Lear display the expansive networks through which we recognize Shakespearean disability including neurodiversity Subsequent chapters underscore disability s intersectionality recognized through dynamics of incorporation care and community in Othello and Henry V and demonstrate how plays such as The Tempest and Titus Andronicus mobilize disability

as a resource for theatricality through stage properties and theatrical prostheses All these approaches point to engagements with literary and theatrical disability representations that challenge outmoded methods for Shakespeare students scholars and practitioners

Discover tales of courage and bravery in Crafted by is empowering ebook, **Shakespeare And The Question Of Theory** . In a downloadable PDF format (*), this collection inspires and motivates. Download now to witness the indomitable spirit of those who dared to be brave.
