*My Frozen Turbulence in Kashmir* Jagmohan,1992 Analysis In The Prespective Of History The Events During The Author S Two Terms As Governor Of Jammu And Kashmir The Has Gone Into Several Reprints And Has Been Translated In Various Languages Without Dustjacket Binding Is Damaged **370: Undoing the Unjust** BlueKraft Digital Foundation,2025-08-08 The most definitive account of how Article 370 was abrogated The inside story of how Prime Minister Narendra Modi turned the seemingly impossible into a reality An eye opening read on the damage Article 370 inflicted on Jammu and Kashmir A book that will interest diverse readers including students scholars and historians Introduced in October 1949 Article 370 turned out to be a long standing permanent temporary provision till 5 August 2019 when it was abrogated by the Parliament of India The article has been subjected to intense debate and much discussion over the years Those who supported it cited Jammu and Kashmir s unique situation in 1947 while those who opposed it questioned how one nation could have two constitutions two flags and two sets of rules The naysayers also questioned its reductive aspects the denial of basic rights to the poor scheduled caste and scheduled tribe communities and women But whichever side one stood on the conventional belief for sixty five years since Independence was that Article 370 can never be repealed But then came 5 August 2019 when the supposedly impossible became a reality 370 Undoing the Unjust A New Future for J K takes the reader through the minute and meticulous planning that ensured seamless execution of the decision Removing Article 370 not only needed strategic planning and political will but also mammoth logistical preparations Every single aspect would have to be addressed or else the region especially the Kashmir valley would plunge into chaos The book offers a glimpse of Prime Minister Narendra Modi s thought process insights into his leadership and most importantly his vision for Jammu and Kashmir By ensuring that Article 370 is repealed Prime Minister Modi altered the course of history But along with that he also fulfilled the decades old commitment of the Bharatiya Janata Party Deeply researched anecdotal and unputdownable this book fills the gaps on scholarship around an iconic moment of Indian history **The Politics of India Since Independence** Paul R. Brass,1994-09-08 A comprehensive and up to date study of the major political cultural and economic changes in India during the past 45 years **Fragile Frontiers** Saroj Kumar Rath,2015-06-03 Critical questions remain unanswered on the events of the cold blooded and devastating terror attacks in Mumbai on 26 November 2008 Investigative and introspective this book offers a lucid and graphic account of the ill fated day and traces the changing dynamics of terror in South Asia Using new insights it explores South Asia s regional dynamics of antagonism the ever present challenge to the frontiers of India Pakistan and the terrorism question the strife in Afghanistan and the self serving selective US war on terror This will be an engaging read for those interested in defence security and strategic studies politics international relations peace and conflict studies and South Asian studies as well as the general reader **IBPS SO Law Officer (Scale I)**

author limit himself to questions and posers He points to the way out outlining a broad strategy of action      **Kashmir and the Future of South Asia** Sugata Bose,Ayesha Jalal,2020-12-30 This book uses an innovative people centered approach to the Kashmir problem to shed new light on why postcolonial partitions remain unfinished and why the wounds of postcolonial nation state formation in South Asia continue to fester Kashmir is viewed as a metaphor for the permanent internal wars of partition that mark the South Asian experience Chapters sensitively bring Kashmiri voices to the fore to examine Kashmir in the national discourses of India and Pakistan resistance in the Kashmiri imagination and the Kashmir conflict in a global context The book foregrounds how the space of Kashmir as a cultural historical and political sphere persists and continues to haunt the postcolonial national present as the people of Kashmir and their cultural literary and artistic productions cannot be contained within the regnant paradigms of the nations across which the region is partitioned Additionally the book explores how long term resolution would demand engagement with historical forces political actors and social formations that exceed the nation state An important contribution to the study of this troubled region this book will be of interest to academics and researchers of modern South Asian history and politics as well as comparative politics and international relations

**Shaping India's New Destiny** Jagmohan,2010-04-25 In this book the author in the backdrop of his vast and varied experience looks at the major challenges confronting the country after about six decades of her tryst with destiny The analysis done indicates how these challenges have arisen how deep rooted infirmities of the Indian state and society have remained untackled how a leadership with a great vision and will has not emerged at various levels of public life and how the current culture of superficiality has prevented the nation from perceiving the dangers that lie ahead But the book is not restricted to analysis alone Nor does it limit itself to viewing the fall out of India s failed tryst with destiny It offers a new architecture for reshaping this destiny and looking forward to another tryst Shri Jagmohan with his characteristic candour observes The light of freedom about which Jawaharlal Nehru spoke so eloquently on the night of August 14 15 1947 was too weak to pierce through the darkness created by the heaps of garbage which India had collected in her courtyards during the long period of her social and cultural degeneration      **Kashmir's Right to Secede** Matthew J. Webb,2012-02-13 A separatist conflict has been ongoing in India administered Kashmir since 1989 Focusing on this region this book critiques the existing normative theories of secession and offers a comprehensive examination of the right of sub groups to secede The book looks at the different accounts of the moral right to secede and assesses both the theories themselves as well as the claims of those who want to separate Kashmir from India Included within this analysis are the three main types of normative theory that ground the right of groups to secede in principles of national self determination consensual governance and rectificatory justice Previous studies have discussed the causes behind the uprising in Kashmir against Indian authority and examined some of the legal and geo political implications of the conflict for India and the wider region This book provides a new way of looking at the Kashmir dispute by asking what these theories tell us about Kashmir and in turn what the example

of Kashmir allows us to learn about these theories It is of interest to students and scholars of South Asian Politics and International Relations *Kashmir: Its Aborigines and Their Exodus* Colonel Tej K Tikoo, Exodus of Kashmiri Pandits from Kashmir in 1989 was their seventh such exodus since the arrival of Islam in Kashmir in the fourteenth century This was precipitated by the outbreak of Pakistan sponsored insurgency across Kashmir Valley in 1989 The radical Islamists targeted Pandits a minuscule community in Muslim dominated society creating enormous fear panic and grave sense of insecurity In the face of ruthless atrocities inflicted on them the Pandits sole concern was ensuring their own physical safety and their resolve not to convert to Islam Over 350 000 Kashmiri Pandits were forced to flee en masse leaving their home and hearth This was the single largest forced displacement of people of a particular ethnicity after partition of India Pandits travails did not end with the exodus The obstructive and intimidating attitude of the State administration towards the Pandit refugees made their post exodus existence even more miserable The Government at the Centre too remained indifferent to their plight This book traces the Pandits economic and political marginalization in the State over the past six decades and covers in detail the events that led to their eventual exodus In the light of ethnic cleansing of Pandits from the Valley the book also examines some critical issues so crucial to India s survival as a multi cultural liberal and secular democracy Kashmir's Buddhist Ladakh M. G. Chitkara,2003 **India and Pakistan** Stanley Wolpert,2010-09-13 Stanley Wolpert s new book India and Pakistan represents another major contribution to his analysis of the subcontinent In this work he provides a hopeful yet realistic solution to the tensions between these two neighbors MICHAEL D INTRILIGATOR University of California Los Angeles and the Milken Institute **Unfinished Innings** Madhav Godbole,1996 The author s seeking premature retirement eighteen months before the due date in March 1993 as the Union Home Secretary was widely reported and extensively debated in the media In his memoirs Mr Godbole narrates the events that prompted his decision to resign from government service The author interestingly accompanies the reader behind the scenes to the world of Indian bureaucracy and realpolitik *South Asia* P. R. Kumaraswamy,Ian Copland,2013-10-18 Since the partition of the subcontinent along communal lines political violence has increased in South Asia Terrorism is one such manifestation of this violence This book witnesses serious assessment of various aspects of terrorism that are affecting South Asia as eight scholars of international repute take a closer look at the problem These essays discuss how terrorist activity in the region during the past few decades can be directly linked to religion centric violence Apart from other events this book looks at prolonged terrorism in Punjab militancy in Kashmir ethnic conflict in Sri Lanka insurgency in northeast India Maoist insurgency in Nepal and sectarian conflict in Pakistan Soul and Structure of Governance in India Jagmohan,2005 Political experiences of an Indian civil servant **Pakistan's Wars** Tariq Rahman,2022-06-09 This book studies the wars Pakistan has fought over the years with India as well as other non state actors Focusing on the first Kashmir war 1947 48 the wars of 1965 and 1971 and the 1999 Kargil war it analyses the elite decision making which leads to these conflicts and tries to understand how Pakistan got involved in the

first place The author applies the gambling model to provide insights into the dysfunctional world view risk taking behaviour and other behavioural patterns of the decision makers which precipitate these wars and highlight their effects on India Pakistan relations for the future The book also brings to the fore the experience of widows children common soldiers displaced civilians and villagers living near borders in the form of interviews to understand the subaltern perspective A nuanced and accessible military history of Pakistan this book will be indispensable to scholars and researchers of military history defence and strategic studies international relations political studies war and conflict studies and South Asian studies
