

VISION

BY JESSIE B. RITTENHOUSE

I came to the mountains for beauty
And I find here the toiling folk,
On sparse little farms in the valleys,
Wearing their days like a yoke.

White clouds fill the valleys at morning,
They are round as great billows at sea,
And roll themselves up to the hill-tops
Still round as great billows can be.

The mists fill the valleys at evening,
They are blue as the smoke in the fall,
And spread all the hills with a tenuous scarf
That touches the hills not at all.

These lone folk have looked on them daily,
Yet I see in their faces no light.
Oh, how can I show them the mountains
That are round them by day and by night?

My Home Is The Mountains Who Am I Little Natures:

Destiny Peter James Ford, 2024-03-04 DESTINY is a book recording the continual soul expansion of the seeker Peter James Ford. Peter's journey began after a powerful spiritual experience in the little historic seaport in Newburyport, Massachusetts. In Peter's late night meditations which were along the Merrimac River, the boardwalk, the Salisbury Reservation on the Atlantic Ocean, Plum Island, Maudsley Estate State Park, Pow Wow Hill, Native American Burial Grounds, and Old Hill Burial Grounds, he was having vivid visions in his mind of seeming past life experiences and powerful insights. Peter began seeing the hidden secrets of this quaint little seaport that people never take the time to see. Peter's intuition and senses increased in an almost scary powerful way, giving Peter wisdom from unseen sources. One source may be the Akashic Records Library, that is not a physical library but a place in the ethers that contains all the wisdom and knowledge ever known to anyone over the eons. We can access this power through ancient spiritual practices, and apparently Peter has done just that. Stories and Tales began flowing from Peter, and he wrote his first book. In the last three years, Peter has written ten more books and shares everything he has found from his journeys to the inner worlds. Peter wrote a seven-book series under the title MYSTICISM IN NEWBURYPORT, then the eighth and ninth bonus companion books called MYSTIC VISION QUEST. Then SHAMBHALA'S GHOSTS was to join the collection of mystical tales. Now you are holding his new writings in your hands. Peter laughingly calls himself An Unlikely Messenger, as his younger years were nothing resembling anything spiritual. So here is the story of just another seeker realizing his divinity and returning to his own heart. **The Christian Advocate**

, 1910 [The Vermonter](#), 1921 **Children's Books from Other Countries** Carl M. Tomlinson, 1998-01-15 Every child is entranced by the magic of story regardless of national boundaries. Many of the most memorable childhood stories have their origins in other countries. Exposing children to this multi-national body of literature introduces them to the great diversity of people and cultures that populate the world at a young age, enabling them to become more thoughtful and generous individuals. Children's Books from Other Countries is a complete and current guide to international children's literature. The concept of a bibliography of international children's literature is not new. In the past, many books have accomplished this task. The last two decades, however, have not yet produced a current reference source devoted to international children's books. Children's Books from Other Countries wonderfully rectifies this lack of attention. An introductory essay provides an overview of the field, including a discussion on the rationale of sharing international books with children, a brief history of the children's literature movement, related books and awards, and basic information about the International Board on Books for Young People (IBBY) and its American branch, the United States Board on Books for Young People (USBBY). An annotated bibliography contains over 700 titles from 29 different countries, printed between 1950 and 1996. All titles are available in English; many have been translated, and others have originated in other English-speaking countries. The titles are organized by genre and have been selected for their high quality. They are primarily targeted for children ages 0-14, although a few outstanding young

adult titles are included Winners of the Mildred Batchelder Award and the Hans Christian Andersen Medal are listed in the appendix Indexes include Author Title Index Country of Origin Index and Subject Index Affordable and readable this timely resource is certainly a must for librarians and teachers and other professionals working with children Sponsored by the United States

Charlotte Faber,2016-04-08 Through cross disciplinary explorations of and engagements with nature as a forming part of architecture this volume sheds light on the concepts of both nature and architecture Nature is examined in a raw intermediary state where it is noticeable as nature despite but at the same time through man s effort at creating form This is done by approaching nature from the perspective of architecture understood not only as concrete buildings but as a fundamental human way both of being in and relating to the world Man finds and forms places where life may take place Consequently architecture may be understood as ranging from the simple mark on the ground and primitive enclosure to the contemporary megalopolis Nature inheres in many aesthetic forms of expression In architecture however nature emerges with a particular power and clarity which makes architecture a raw kind of art Even though other forms of art as well as aesthetic phenomena outside the arts are addressed the analogy to architecture will be evident and important Thus by using the concept of raw as a focal point this book provides new approaches to architecture in a broad sense as well as other aesthetic and artistic practices and will be of interest to readers from different fields of the arts and humanities spanning from philosophy and theology to history of art architecture and music *Profound Insights from Animals and Nature*
