My House 10 From The Tower Window:

The Faerie Queene as Children's Literature Velma Bourgeois Richmond, 2016-07-11 Edmund Spenser's vast epic poem *The Faerie Queene* is the most challenging masterpiece in early modern literature and is praised as the work most representative of the Elizabethan age. In it he fused traditions of medieval romance and classical epic with his religious and political allegory, creating a Protestant alternative to the Catholic romances rejected by humanists and Puritans. The poem was later made over as children's literature, retold in lavish volumes and schoolbooks and appreciated in pedagogical studies and literary histories. Distinguished writers for children simplified the stories and noted artists illustrated them. Children were less encouraged to consider the allegory than to be inspired to the moral virtues. This book studies *The Faerie Queene*'s many adaptations for a young audience in order to provide a richer understanding of both the original and adapted texts.

Chivalric Stories as Children's Literature Velma Bourgeois Richmond, 2014-09-24 Knights and ladies, giants and dragons, tournaments, battles, quests and crusades are commonplace in stories for children. This book examines how late Victorians and Edwardians retold medieval narratives of chivalry, epics, romances, sagas, legends and ballads. Stories of Beowulf, Arthur, Gawain, St George, Roland, Robin Hood and many more thrilled and instructed children and encouraged adult reading. Lavish volumes and schoolbooks of the era featured illustrated texts, many by major artists. Children's books, an essential part of Edwardian publishing, were disseminated throughout the English-speaking world. Many are being reprinted today. This book examines related contexts of Medievalism expressed in painting, architecture, music and public celebrations and the works of major authors including Sir Walter Scott, Tennyson, Longfellow and William Morris. The book explores national identity expressed through literature, ideals of honor and valor in the years before World War I and how childhood reading influenced 20th century writers as diverse as C. S. Lewis, J. R. R. Tolkien, Siegfried Sassoon, David Jones, Graham Greene, Ian Fleming and John Le Carré.

Readers' Guide to Periodical Literature Anna Lorraine Guthrie, 1915 An author subject index to selected general interest periodicals of reference value in libraries.

Readers' Guide to Periodical Literature, 1915 *A Concordance to the Poems of W.B. Yeats* Stephen Maxfield Parrish, 2019-06-30 Now it is possible for the first time to trace in a systematic way the language patterns of one of the greatest poets who have written in English. W. B. Yeats. Like *A Concordance to the Poems of Matthew Arnold*, the first of the Cornell Concordances that are under the general editorship of Professor Parrish, this volume was produced on an IBM 704 electronic data processing machine. Computer technique has so advanced that the Yeats concordance includes punctuation and gives cross references for the second parts of hyphenated words. The frequency of every word in Yeats's poems is given and an appendix lists all indexed words in order of frequency. The body of this book consists of an index of all significant words in Yeats, each word listed in the line or lines in which it occurs. The concordance is based on the variorum text of Yeats edited by Alspach and Allt and includes all variants that occur in printed versions of Yeats's poems.
