My Lady Nicotine James

Matthew Barrie,2020-08-18 The circumstances in which I gave up smoking were these I was a mere bachelor drifting toward what I now see to be a tragic middle age I had become so accustomed to smoke issuing from my mouth that I felt incomplete without it indeed the time came when I could refrain from smoking if doing nothing else but hardly during the hours of toil To lay aside my pipe was to find myself soon afterward wandering restlessly round my table No blind beggar was ever more abjectly led by his dog or more loath to cut the string I am much better without tobacco and already have a difficulty in sympathizing with the man I used to be Even to call him up as it were and regard him without prejudice is a difficult task for we forget the old selves on whom we have turned our backs as we forget a street that has been reconstructed Does the freed slave always shiver at the crack of a whip I fancy not for I recall but dimly and without acute suffering the horrors of my smoking days There were nights when I awoke with a pain at my heart that made me hold my breath I did not dare move After perhaps ten minutes of dread I would shift my position an inch at a time Less frequently I felt this sting in the daytime and believed I was dying while my friends were talking to me I never mentioned these experiences to a human being indeed though a medical man was among my companions I cunningly deceived him on the rare occasions when he questioned me about the amount of tobacco I was consuming weekly Often in the dark I not only vowed to give up smoking but wondered why I cared for it Next morning I went straight from breakfast to my pipe without the smallest struggle with myself Latterly I knew while resolving to break myself of the habit that I would be better employed trying to sleep I had elaborate ways of cheating myself but it became disagreeable to me to know how many ounces of tobacco I was smoking weekly Often I smoked cigarettes to reduce the number of my cigar

My Lady Nicotine J. M. Barrie,2017-12-07 My Lady Nicotine by J M Barrie is a novel about a man s first love The love as can be told by the title is not for a woman but for tobacco more particularly a specific blend of it The story is mostly about his days of youth when he meets with a group of friends to smoke their Arcadia blend of tobacco which they consider the greatest thing in the universe In many ways the story is less about tobacco and more about the ideas of Victorian England and the way that a group of guys could get together to discuss things and enjoy life While the Arcadia blend is what ties the friends together most of the story is what they do or see when they are together There are of course many

similarities in the style between this book and the Little White Bird by the same author Both deal with single bachelors who spend much of their time in idleness with close friends who share the same vices while being watched over by lesser people who are only fit to be servants The elements of his nephews visit also bears an earie similarity to his own games with his stepchildren I found after reading the book a desire to have a deep friendship with others like the books characters have with each other Though it is a fictional work I have seen the same thing happen in friends that I know who smoke who seem to have an attachment to others who they smoke with Although I would never smoke as I know enough of the damaging aspects of the hobby I can easily see the attraction in having groups around who I can experience life with Overall it was a pleasant book which is very much British and very much victorian
