My Life As A Page Three Girl:

Life of a Page Three Model Sarah Stevens, 2017-02-14 This is based on a true story about one of the best page three models of all time Starting with the battles of adults and parents and the struggle of survival to make it even to teenage years the model expresses deep solitude To a complete change through the power of her Bible and letting God do her work and getting great reviews from national media the model has a contrast of tears of happiness and tears of sadness But the model somehow finds solutions to live life in a positive manner This explains how one door will close and another can open After vvtwelve years of success in that career now the model is trained as a security officer A big thank you to AuthorHouse for helping me share my life with others and for allowing me to express that love is everything and that we should allow our heart to follow our dreams My mother tells me life is a journey My advice is to listen and understand what is being said Smile and the world smiles with you And that is what happened

Marguerite's Diary Michael Blair, 2011-05-04 If you don't read anything else please read this It is OK to be different Went I went to school there wasn't anything as a LD student If there were I would have been classified as LD If your speech was slow and you were tongue tied or couldn't hear to good or if you had dyslexia or couldn't see too well you would end up in the back of the room Kids would beat up on me because they thought I was different I was chased home by some of

the schoolboys until I found it was a game for them Since I was in the back of the room I couldn't hear the teacher too well When the teacher discovered that I hadn't done what she said she came back and hit me with her first in the middle of my back That was sixty three years ago and I still have pain in my back Sometimes I have not been able to walk from this You should not laugh or make fun of others or old people After they get up around seventy they mostly talk about sickness and doctors Some people are Paralyze from the neck down Some people have dysconia which can give you pain and cripple you Some people have Parkinson disease or even hiccups or stutter for years Some people are Mongoloid or have Down syndrome and some have tourette Or other disease Some have Lupus *The Crypt of Academe* John L. Brown,2008

Herewith are presented twenty highly personal tales from the darkest depths of the Crypt of Academe told by an old soldier no longer in the line of fire The topics include evaluation of students and faculty how faculty claw their way up the ranks who wins the awards and why and how decisions get made or more often don't Each tale is recounted in about three pages in a straight forward manner without guilt or favor to anyone I have tried to be frank in my writing and may offend a few but you can't please everyone all the time and others at no time But I hope to bring a smile to the lips of some and a pause for thought about the real life and meaning of our Crypts at universities If you don't like the writing of each tale you may enjoy the accompanying illustrative cartoons Despite what might be interpreted as the odd harsh word or phrase I would defend the unparalleled importance of all Crypts to the fabric of our life At their best they contribute beyond measure to our intellectual social emotional democratic and economic life And any institution of such importance deserves periodic scrutiny from a variety of angles including the tongue in cheek No One Got Cracked Over the Head for No Reason Martin
