Once Upon a Time There was a Little Girl Marcella Hannon Shields Ph. D.,2008-07 Once Upon a Time There Was a Little Girl shares the moving stories of seven women who as young girls experienced the early loss of their mothers through death or physical or emotional abandonment The women explore their personal traumas through their responses to seven fairy tales in which there was no nurturing maternal presence Dr Marcella Shields is a psychologist with over thirty years of experience who reveals the inspiring journeys of these women who eventually triumph over suffering and learn to rely on the bond they have formed with each other to help reclaim their passion for life By exploring seven timeless fairy tales in which the heroine finds her way through the grief of abandonment the women offer a deeper understanding of the significance of the mother daughter bond and the devastating consequences for the daughter if this bond is ruptured early The poignant life stories and dreams courageously offered by these women show how fairy tales allowed them to understand and refashion themselves and provide a source of encouragement and hope for other women who have experienced early maternal loss

into Place Catherine Reid,2015-07-14 Quietly powerful essays weaving keenly observed insights into the mysteries of nature with those of family and community It s not easy Catherine Reid writes to love a person and a place in equal measure Love she does however as described in these intimate lyric essays about the land and people around her With the inside perspective of a native New Englander combined with her outsider status as a lesbian Reid explores such paradoxes as those that arise from harnessing wild rivers or legalizing same sex marriage Her fascination with natural phenomena whether bird

hibernation the arrival of fishers in suburbia or the explosion of amphibious life in the wet weeks of spring is captured in writing that pays as much attention to the sounds of a sentence as to the rhythms of the landscapes she wanders Ultimately Reid finds herself having to choose between her farmhouse near the Berkshires and a job in the South between her known role in the land s stories and a new story yet to be written Solace comes from companions as varied as a praying mantis an otter and her hundred year old grandmother while resilience shows up in the stories of streams recovering from toxic spills and in communities weathering floods and town meetings Reid celebrates the joyous engagement that comes with developing a deep connection with the places we call home and the life human animal botanical that surrounds us At the same time she offers keen insights into the way nature ultimately remains mysterious beyond our knowing Sensuous and provocative Falling into Place faces the beauty and challenges of our changing world head on **Journal of Education** ,1895 *Life Histories of North American Blackbirds, Orioles, Tanagers, and Allies* Arthur Cleveland Bent,2025-08-01 Reprint of the original first published in 1877 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage Life Histories of North American [birds].: Blackbirds, orioles, tanagers, and allies Arthur Cleveland Bent,1919 Popular Science News ,1902 *The Canadian Who's who* ,1995
