**My Life as a Sailor** Fran Yearly, Patrick Yearly, 2001-03-27 At 17 Fran Yearly enlisted in the Navy In the following three years he would serve on 3 destroyers sail 75 000 miles visit 29 ports of call from Casablanca to Pearl Harbor and sail on nearly every ocean and sea in the world His ship was in the front line of attack on D Day and the invasion of the Phillipines and was struck by German torpedoes and Japanese kamikaze planes He received an honorable discharge in February 1946 six weeks before his 21st birthday [My Life As A Sailor](#) Jim Gravelyn, 2023-02-08 An autobiographical account of one man s history of sailing from childhood to old age this delightful collection of stories is half about the humor half about imparting actual sailing know how and half about warning other sailors to avoid the same mistakes the author made a ratio mathematically possible only in a book about sailing From the first Hobie Cat sold in the state of Michigan to sailboards to Sunfish to rental boats offshore of Nixon s Winter White House and ultimately to full sized cruising sailboats there is a wide variety of experience condensed into these pages all of it in the final analysis expressing nothing so much as the author s deep abiding arguably unrequited love and passion for sailing As he phrases it The mysterious allure of sailing is difficult for non sailors to understand Reading this book you might wonder at times how I can love it so much with all the hassle the inconvenience the discomfort the unreliability I have described But very much like golf another activity I love where you can spend a whole day sucking and then hit one beautiful shot that rekindles instantly all your passion for the game sailing will give you moments that are so indescribably sublime you can never get them out of your mind *My Life As a Sailor* Robert Bartron, 2013-11-08 All sailors have sea stories of their time in the Navy but few write them down This book relates some of the funny and interesting stories of one sailor who did record them There are different types of navies with the U S Navy and this means a varied collection of sea stories The submariners have different experiences that ship drivers who have different sea stories than aviators And there are different navies between eras as well Sea stories prior to World War II differ greatly from war stories Sea stories of sailors serving now in the 21st century will be different that those who served in the Cold War Included in this volume are the sea stories of a Cold Warrior It was a different time that hopefully will never come again These stories help to illuminate the daily routine and challenges of American sailors during this period in our history It is the story of the lives of sailors in the age of steam and confrontation **The Sailor's Magazine, and Naval Journal** ,1835

**The Sailor's Magazine** ,1867 **The Mariners' Church Gospel Temperance Soldiers' and Sailor's Magazine** ,1845 [The Sailor's Bookshelf](#) James Stavridis, 2021-12-15 Admiral Stavridis a leader in military international affairs and national security circles shares his love of the sea and some of the sources of that affection The Sailor s Bookshelf offers synopses of fifty books that illustrate the history importance lore and lifestyle of the oceans and of those who go down to the sea in ships Stavridis colors those descriptions with glimpses of his own service sea stories in popular parlance that not only clarify his choices but show why he is held in such high esteem among his fellow sailors Divided into four main categories

The Oceans Explorers Sailors in Fiction and Sailors in Non Fiction Admiral Stavridis choices will appeal to old salts and to those who have never known the sights of the ever changing seascape nor breathed the tonic of an ocean breeze The result is a navigational aid that guides readers through the realm of sea literature covering a spectrum of topics that range from science to aesthetics from history to modernity from solo sailing to great battles Among these eclectic choices are guides to shiphandling and navigation classic fiction that pits man against the sea ecological and strategic challenges celebrations of great achievements and the lessons that come with failure economic competition and its stepbrother combat explorations of the deep and poetry that beats with the pulse of the wave Some of the included titles are familiar to many while others are likely less well known but are welcome additions to this encompassing collection Admiral Stavridis has chosen some books that are relatively recent and he recommends other works which have been around much longer and deserve recognition
