Thomsen, 2009-05-01 An entertaining and informative look at our paranormal presidencies. Bill Fawcett, author of *Oval Office Oddities*. The Discovery Channel's *A Haunting* meets the History Channel's *The Presidents* inside this collection of strange but true tales of White House weirdness. Brian M. Thomsen offers a series of nonpartisan accounts of spirits, specters, and supernatural beliefs by and about those who have inhabited the White House. Readers will learn which U.S. presidents have claimed to encounter UFOs and which have been connected to ghosts, as well as which of our nation's leaders have consulted with fortune tellers or otherwise been associated with other aspects of the occult. Famous subjects include Warren G. Harding and the curse of the Hope Diamond; the uncanny similarities between the lives and deaths of John F. Kennedy and Abraham Lincoln; George Washington's visions; Ronald and Nancy Reagan's reliance on psychics; the haunted homes of Dolly Madison and Rosalyn Carter; Jimmy Carter's UFO sighting; Hillary Clinton's experience with channeling; the mysterious curse of Tecumseh; the secret societies of presidents; and much more. **Jubileo en la Tierra, júbilo en el cielo Adviento y Navidad** Rafael Prieto Ramiro, 1999 **Uncertain Places** Mitch Horowitz, 2022-11-08 An exploration of our extraordinary shift away from materialism toward renewal of the numinous, mysterious, and uncertain. Examines topics that evoke widespread misunderstanding, including the real history of secret societies, the wisdom of the Satanic, Gnosticism, Hermeticism, out-of-body experience, and the contemporary war on witches. Looks at the influence of the founding lights of modern occultism, including mystic Neville Goddard, occult scholar Manly P. Hall, and surrealist filmmaker David Lynch, and debunks famous pseudo-skeptics such as the Amazing Randi. Explores magickal practices, including Anarchic Magick, mind metaphysics, the Law of Attraction, and Ouija boards, and upends hallowed spiritual concepts like forgiveness. All of us today dwell in uncertain places, realities in which thoughts make things happen. ESP is provable by the scientific methods once used to debunk it. UFOs are mainstream, and magick no longer requires rite and ritual but is as near as your own mind. Today's leading voice of esotericism and the occult, Mitch Horowitz, explores topics that evoke widespread misunderstanding, including the real history of secret societies, the wisdom of the Satanic, the relevance of Gnosticism, and the slender but authentic connection between today's spiritual culture and antiquity, including in areas of Hermeticism, deity worship, out-of-body experience, and magick. He demonstrates the occult roots of wide-ranging facets of modern culture, including politics, abstract art, mind-body healing, self-help, and breakthrough scientific fields such as quantum physics and neuroplasticity. He looks at the influence of the founding lights of modern occultism, including mystic Neville Goddard, occult scholar Manly P. Hall, and surrealist filmmaker David Lynch, and provides a magnificent take-down of famous debunkers and pseudo-skeptics such as the Amazing Randi. He explores magickal practices, including Anarchic Magick, mind metaphysics, the Law of

Attraction and the history of Ouija boards and questions time honored spiritual values like forgiveness Mitch also examines the contemporary war on witches around the world and what it is like to be blacklisted Offering a thought provoking investigation of the spiritual the occult the magickal and the extra physical Mitch lays the groundwork for readers to continue their own journeys into these esoteric streams of consciousness **Religions of the World** J. Gordon

Ancients traveled far and paid handsomely to hear the sibyls and oracles channel wisdom from the gods The Holy Bible writes of many prophets and seers but divination by ordinary people was strongly prohibited As a result mediums and psychics have since been laughed at ostracized and even burned at the stake But always there have been some people who persisted in believing in spirit communication secretly We must take a sober and realistic view of divination in the times ahead but openly and publicly This book will help you to understand divination for its true value Listening to the spirit world is our only hope for a world of peace *The Art of Intuition* Sophy Burnham, 2011-02-03
