My Neck Of The Woods:

My Neck of the Woods Jerry Dale Lewis, 2009-06 Trans Allegheny Pioneers is without a doubt one of the most celebrated accounts of life on the Virginia frontier ever written The author s focal point is the region of the New River Kanawha in present day Montgomery and Pulaski counties Virginia This is essential reading for anyone interested in frontier history or the genealogies of mid 18th century families who resided in the Valley of Virginia **My Neck of the Woods** Louise Dickinson Rich, 1952 *Already Dead* Charlie Huston, 2007-12-18 Those stories you hear The ones about things that only come out at night Things that feed on blood feed on us Got news for you they re true Only it s not like the movies or old man Stoker s storybook It s worse Especially if you happen to be one of them Just ask Joe Pitt There s a shambler on the loose Some fool who got himself infected with a flesh eating bacteria is lurching around trying to munch on folks brains Joe hates shamblers but he s still the one who has to deal with them That s just the kind of life he has Except afterlife might be better word From the Battery to the Bronx and from river to river Manhattan is crawling with Vampyres Joe is one of them and he s not happy about it Yeah he gets to be stronger and faster than you and he s tough as nails and hard to kill But spending his nights trying to score a pint of blood to feed the Vyrus that s eating at him isn t his idea of a good time And Joe doesn t make it any easier on himself Going his own way refusing to ally with the Clans that run the undead underside of Manhattan it ain t easy It s worse once he gets mixed up with the Coalition the city s most powerful Clan and finds himself searching for a poor little rich girl who s gone missing in Alphabet City Now the Coalition and the girl s high society parents are breathing down his neck anarchist Vampyres are pushing him around and a crazy Vampyre cult is stalking him No time to complain though Got to find that girl and kill that shambler before the whip comes down and before the sun comes up Secret Keys Melody Starr, 2016-06-28 Secret Keys consists of my many works throughout the years There are various subjects and contain many of my thoughts and feelings I was unsure of expressing any way else It got me through difficult times and emphasized the good times It brings back a lot of memories I hope it enhances and inspires you as well Footprints in the Clay James Wyers, 2022-08-01 Footprints in the Clay is a fictional account of the Fuller family and their exploits in the mid nineteenth to early twentieth centuries The Fullers were a proud close knit family who over a period of decades moved from Maryland and Virginia into the Carolinas and finally Georgia and Alabama One of the early family leaders proudly proclaimed I have left my footprints in the clay of many places never once being forced to move Jim Fuller and redhead cousin Charley Butts after a series of events find themselves in situations where their freedom is at stake Although Footprints is primarily a fictional work many of the events described are historical fact although some are little known or forgotten Join the feisty cousins as they take their wild ride from the Spanish American War through the first decade of the twentieth century **Over the Hill Without a Paddle** Richard Cutler, 2000-08 In this wonderful collection of short funny pieces Richard Cutler covers the gamut from nostalgia to conjecture on such topics as clowns cholesterol and calling in sick to the supervisory voice mail

Along the way he sharpens his wit on exercise politicians road rage souvenir shopping while traveling light and women s attraction to hand held power tools He reports on place and people names profanity free TV holiday traditions guy things and old fashioned etiquette And he offers his experiences with gene pool backup old wives tales women s fashions and the storage thereof following RV s and flying steerage class The careful reader will discover such incidental insights as his theory of why Eskimos gave up kissing for rubbing noses and what the young Marquis de Sade s nanny said that may have suggested all those weird ideas But the casual reader will learn something too And not just that the author has entirely too much time on his hands Interspersed among these views of the passing scene are subtle indications that paddles or not we may all of us be headed up the creek So to speak

The Erratics Vicki Laveau-Harvie, 2020-08-25 Two sisters reckon with their toxic parents through the decline and death of their outlandishly tyrannical mother and with the care of their psychologically terrorized father all relayed with dark humor and brutal honesty in this award winning brilliantly written memoir that reads like a novel best selling author Margaret Atwood via Twitter When her elderly mother is hospitalized unexpectedly Vicki Laveau Harvie and her sister travel to their parents ranch home in Alberta Canada to help their father Estranged from their parents for many years they are horrified by what they discover on their arrival For years their mother has camouflaged her manic delusions and savage unpredictability and over the decades she has managed to shut herself and her husband away from the outside world systematically starving him and making him a virtual prisoner in his own home Rearranging their lives to be the daughters they were never allowed to be the sisters focus their efforts on helping their father cope with the unending manipulations of their mother and encounter all the pressures that come with caring for elderly parents And at every step they have to contend with their mother whose favorite phrase during their childhood was I ll get you and you won t even know I m doing it Set against the natural world of the Canadian foothills in winter the cold will kill you nothing personal this memoir at once dark and hopeful shatters precedents about grief anger and family trauma with surprising tenderness and humor
