Temple of the Living God** Roberto Pla, Our one and only real purpose in writing this work has been to awaken love for the whole Christ and when we speak of the whole Christ we are referring both to the Christ who died for mankind in Jerusalem more than two thousand years ago love for whom has been encouraged by manifest exegesis since the beginning of the Christian era and at the same time to the Christ preexisting and eternal Although both are one and the same being if we speak of the whole Christ we cannot disregard the inseparable Christ who from the beginning has lain forgotten unknown crucified within every man and who is only waiting to reveal his immortal divine presence invoked by love and faith Then the true beatitude of his resurrection will arise in every man Pag 38 The

purpose of this work is to awaken in some men awareness that the canonical New Testament texts express a dual hermeneutic and exegesis makes it possible once one has assimilated a first reading which we shall call manifest to undertake a second reading one that will be more difficult to apprehend in order to find through it a new meaning which the Christian hagiographers called hidden or secret Pag 28
