My Sister Tommie The Real Tammi Terrell:

My Sister Tommie Vickie Wright, Ludie Montgomery, 2024-08-08 A personal account of my only sibling Tammi Terrell's short but fully lived existence Her solo hits and the masterful hit making duets alongside Marvin Gaye continue to uplift and inspire new generations of music lovers Ludie H Montgomery **James Brown**, 1991 *Ain't Too Proud to Beg* Mark Ribowsky, 2010-09-14 The first and only definitive biography of legendary Motown group the Temptations The Temptations are an incomparable soul group with dozens of chart topping hits such as My Girl and Papa Was a Rollin Stone From the sharp suits stylish choreography and distinctive vocals that epitomized their onstage triumphs to the personal failings and psycho dramas that played out behind the scenes *Ain't Too Proud to Beg* tells the complete story of this most popular and tragic of all Motown super groups Based on in depth research and interviews with founding Temptations member Otis Williams and many others the book reveals the highly individual even mutually antagonistic nature of the group's members Venturing beyond the money and the fame it shares the compelling tale of these sometime allies sometime rivals and reveals the unique dynamic of push and pull and give and take that resulted in musical genius The first book to tell the whole story of Motown's greatest group with all new interviews and previously undiscovered sources and photographs Gives the last word on enduring Motown mysteries including the deaths of Paul Williams and David Ruffin and the truth behind Ruffin's tumultuous romance with Tammi Terrell Reveals the secret can't miss formula behind the Temptations thirty seven chart hits Draws on more than one hundred interviews with the group's associates industry figures family members and most importantly founding Temptation Otis Williams *Ain't Too Proud to Beg* takes a cohesive and penetrating look at the life and enduring legacy of one of the greatest groups in popular music It is essential reading for fans of the Temptations music lovers and anyone interested in the history of American popular culture over the last fifty years **Motown Encyclopedia** Graham Betts, 2014-06-02 Motown means different things to different people The mere mention of perhaps the most iconic record label in history is often enough to invoke memories and mental images of Marvin Gaye Diana Ross Stevie Wonder The Temptations The Jackson 5 The Supremes and numerous others With each group recalled there is an accompanying piece of music of the mind from Baby Love My Girl Signed Sealed Delivered I Heard It Through The Grapevine ABC and Tears Of A Clown and countless more Quite often you can ask people what kind of music they like and they will simply answer Motown and both they and you know exactly what is meant Or rather what is implied The Motown they are invariably thinking of is the label that dominated the charts in the mid 1960s with a succession of radio friendly dance orientated hits most of which were written and produced by the trio of Brian Holland Lamont Dozier and Eddie Holland This period is referred to naturally enough as the Golden Era when Motown was not only the dominant force in its home city of Detroit but carried The Sound of Young America all around the world The kind of music that had them Dancing In the Street from Los Angeles to London Miami to Munich and San Francisco to Sydney It was the kind of music that attracted scores of imitators some good some not

so good The kind of music that appealed to the public and presidents alike and still does It was that Motown that this book was intended to be about However when you start digging deeper into the Motown story you realise that throughout its life which for the purposes of this book is its formation in 1959 through to its sale in 1988 it was constantly trying other musical genres looking to grab hits out of jazz country pop rock middle of the road and whatever else might be happening at the time Of course it wasn't particularly successful at some of the other genres although those who claim Motown never did much in the rock market conveniently overlook the healthy sales figures achieved by Rare Earth the group and focus instead on the total sales achieved on Rare Earth the label This book therefore contains biographies of all 684 artists who had releases on Motown and their various imprints as well as biographies of 16 musicians 23 producers 19 writers and 13 executives There are also details of the 50 or so labels that Motown owned licensed to or licensed from All nine films and the 17 soundtracks are also featured Every Motown single and album and EP that made the Top Ten of the pop charts in either the US or UK also have their own entries with 222 singles 84 albums and five EPs being featured Finally there are 36 other entries covering such topics as the Hollywood Walk of Fame the Motortown Revues Grammy Awards and the most played Motown songs on radio The 1 178 entries cover every aspect of Motown and more of the link between Granny in The Beverly Hillbillies and Wonder Woman of the artists from Abbey Tavern Singers to Zulema and the hits from ABC to You Really Got A Hold On Me The Motown Encyclopedia is the story of Motown Records Yesterday Today Forever
