Dancing with Shadows and Other Stories Olabisi Gwamna, 2008 The stories in this work are an assortment of bildungsroman most of them recalling childhood experiences in Nigeria They have been written bearing in mind the generation of young Africans born to Africans in the United States Most of these individuals have spent little or no time on the continent and are therefore unaware of the experiences and backgrounds from which their parents come This collection regales the reader with tales of intrigue fun and good humor as some of their parents knew them at the same time providing them with another source of cultural entertainment The stories narrated by the women reveal many cultural dilemmas encountered by some African women in America who find themselves crushed by the cumbersome burden of their gender in a country that has no use for their complicated lifestyle Although African Studies is far entrenched in the curricular of many universities very few books are available to cover all the cultural aspects of such a large study area Hopefully this collection would serve as another perspective for enhancing multicultural understanding

My Life and Other Stories Bob Elles, 2013-05-14 Intelligence comes from ignorance as wisdom comes from naivet and there is nothing like gathering both from people who represent a diverse swath of nations throughout the world As cultures require contact with each other in order to grow and remain viable and not succumb to atrophy man too requires contact with men of different beliefs and practices No one nation or culture or religion has a hold on logic or is immune to extremism I feel blessed that Ive had the opportunity to absorb and learn about aspects of life that Im sure I wouldnt have learned otherwise In fact my whole belief

system was changed over the past forty five years through this contact I began to do some research on my family and what I learned coupled with what I had experienced in my life literally brought me to tears in gratitude and admiration and hopefully in wisdom If you like to sit down and listen to stories told by say an old friend an uncle or a person with wrinkles on his face grey in his hair and a sparkle of wisdom in his eyes coupled with a smile on his face then you should so bother If you dont then stop right here and go pick up and read a book on vampires or loves lost or whatever turns your fancy My life has been tragic and wondrous and I have what I call life lessons that I believe you will find helpful in your life Ill even go so far as to say that given even a fraction of introspection in you your life will be significantly altered after youve read this book I know that doesnt sound humble but I also know this to be true I have learned forgot and made up many a good story Keep this in mind when you read these chapters stories compiled within this book Are they all true Mostly with only the most embarrassing events removed An old retired Air Force fighter pilot once told me I have secrets only God and I know and thats the way it will remain
