My Life With Five Nuns:

My Exaggerated Life, 2018-03-13 An oral biography that reveals the Southern author's true voice Pat Conroy's memoirs and autobiographical novels contain a great deal about his life but there is much he hasn't revealed to readers until now *My Exaggerated Life* is the product of a special collaboration between this great American author and oral biographer Katherine Clark who recorded two hundred hours of conversations with Conroy before he passed away in 2016 In the spring and summer of 2014 the two spoke for an hour or more on the phone every day No subject was off limits including aspects of his tumultuous life he had never before revealed This oral biography presents Conroy the man as if speaking in person in the colloquial voice familiar to family and friends This voice is quite different from the authorial style found in his books which are famous for their lyricism and poetic descriptions Here Conroy is blunt plainspoken and uncommonly candid While his novels are known for their tragic elements this volume is suffused with Conroy's sense of humor which he credits with saving his life on several occasions The story Conroy offers here is about surviving and overcoming the childhood abuse and trauma that marked his life He is frank about his emotional damage the depression the alcoholism the divorces and above all the crippling lack of self esteem and self confidence He also sheds light on the forces that saved his life from ruin The act of writing compelled Conroy to confront the painful truths about his past while years of therapy with a clinical psychologist helped him achieve a greater sense of self awareness and understanding As Conroy recounts his time in Atlanta Rome and San Francisco along with his many years in Beaufort South Carolina he portrays a journey full of struggles and suffering that culminated ultimately in redemption and triumph Although he gained worldwide recognition for his writing Conroy believed his greatest achievement was in successfully carving out a life filled with family and friends as well as love and happiness In the end he arrived at himself and found it was a good place to be *Women Living Zen* Paula Kane Robinson

Arai, 1999-08-26 In this study based on both historical evidence and ethnographic data Paula Arai shows that nuns were central agents in the foundation of Buddhism in Japan in the sixth century They were active participants in the Soto Zen sect and have continued to contribute to the advancement of the sect to the present day Drawing on her fieldwork among the Soto nuns Arai demonstrates that the lives of many of these women embody classical Buddhist ideals They have chosen to lead a strictly disciplined monastic life over against successful careers and the unconstrained contemporary secular lifestyle In this and other respects they can be shown to stand in stark contrast to their male counterparts **Unbelievable Magic and**

Gellner,2007-09-30 Rebuilding Buddhism describes in evocative detail the experiences and achievements of Nepalis who have adopted Theravada Buddhism This form of Buddhism was introduced into Nepal from Burma and Sri Lanka in the 1930s and its adherents have struggled for recognition and acceptance ever since With its focus on the austere figure of the monk and the biography of the historical Buddha and more recently with its emphasis on individualizing meditation and on gender equality Theravada Buddhism contrasts sharply with the highly ritualized Tantric Buddhism traditionally practiced in the Kathmandu Valley Based on extensive fieldwork interviews and historical reconstruction the book provides a rich portrait of the different ways of being a Nepali Buddhist over the past seventy years At the same time it explores the impact of the Theravada movement and what its gradual success has meant for Buddhism for society and for men and women in Nepal
