**Up Close Jane Goodall**

Sudipta Bardhan-Quallen, 2008 Biography of Jane Goodall who at age twenty six started a six month project at the Gombe Stream Chimpanzee Reserve on Lake Tanganyika Africa which became her life's work      **Chimpanzee Memoirs** Stephen Ross, Lydia Hopper, 2022-05-10 Chimpanzees fascinate people for many reasons We are struck by the apes resemblance to humanity as seen in their use of tools and their complex social lives and we are moved by the threats that human activity poses to them Our awareness of our closest living relatives testifies to the efforts of the remarkable people who study these creatures and work to protect them What motivates someone to dedicate their lives to chimpanzees How does that reflect on our own species This book brings together a range of chimpanzee experts who tell powerful personal stories about their lives and careers It features some of the world's preeminent primatologists including Jane Goodall and Frans de Waal as well as representatives of a new generation from varied backgrounds In addition to field scientists the book features anthropologists biologists psychologists veterinarians conservationists and the director of a chimpanzee sanctuary Some grew up in the English countryside others in villages in Congo some first encountered chimpanzees in a zoo others in the forests surrounding their homes All are united by a common purpose to study and understand chimpanzees in order to protect them in the wild and care for them in zoos and sanctuaries Contributors share what inspired them what shaped their career choices and what motivates them to strive for solutions to the many challenges that chimpanzees face today      *Beyond Innocence* Jane Goodall, 2002 The second volume of Goodall's autobiography in letters this book covers her life after the publication of *In the Shadow of the Man* the book that made her famous photos      *Women Who Changed the World* Candice Goucher, 2022-01-24 This indispensable reference work provides readers with the tools to reimagine world history through the lens of women's lived experiences Learning how women changed the world will change the ways the world looks at the past *Women Who Changed the World Their Lives Challenges and Accomplishments through History* features 200 biographies of notable women and offers readers an opportunity to explore the global past from a gendered perspective The women featured in this four volume set cover the full sweep of history from our ancestral forbearer Lucy to today's tennis phenoms Venus and Serena Williams Every walk of life is represented in these pages from powerful monarchs and politicians to talented artists and writers from inquisitive scientists to outspoken activists Each biography follows a standardized format recounting the woman's life and accomplishments discussing the challenges she faced within her particular time and place in history and exploring the lasting legacy she left A chronological listing of biographies makes it easy for readers to zero in on particular time periods while a further reading list at the end of each essay serves as a gateway to further exploration and study High interest sidebars accompany many of the biographies offering more nuanced glimpses into the lives of these fascinating women      *Creatures Like Us?* Lynne Sharpe, 2015-11-24 As a child brought up among animals Lynne Sharpe never doubted they were essentially creatures like us It came as a shock to learn that others did not agree Here she exposes the bizarre way in which many philosophers including even some great and humane ones have repeatedly talked and written

about animals They have discussed the topic in terms of non existent abstract animals conceived as defective humans entirely neglecting the experience of people who have wide practical knowledge of companion animals such as horses and dogs through working with them She testifies to the interesting nature of these creatures lives noting that the usual narrow approach to animals carries with it also a distorted notion of human life as essentially cerebral and language centred
