Al Dente David Winner,2012-03-01 Imagine the River Tiber as an alimentary tract Picture a hungry saint Think of erotic Renaissance fruit paintings transubstantiation and a tiramisu caf where magic issurelyon the menu This highly original interpretation of Rome s history culture art and religion takes the form of a book about food that s not really about food at all During his first two years in Rome David Winner found himself in turn amazed and overwhelmed by its physical historical and cultural vastness Then a chance encounter with an extraordinary pudding provided him with the means to start digesting his surroundings That evening he was struck by the significance of the Roman attitude to food a unique and unequivocal relationship between sustenance and existence where every last aspect of life is and always has been pickled in alimentation In Al DenteWinner takes us on a stroll through the city as he muses idiosyncratically on all things comestible and much else besides Here we learn about Rome as metropolis and necropolis about tasty vineyard snails and the food and sex scandal that sent Saint Jerome packing The cinematic greats such as Argento Fellini and Ferreri are discussed alongside historical political satire where grocery orgies were art and the penis was the subject of hagiographies There are the bloodthirsty antics of an eighteenth century executioner who worked for the pope stories of immolation architecture and artichokes and a telephone interview with a nun who makes Eucharistic wafers There s also a nice 1891 recipe for stewed lamb s head Winner is a master of wit and diversity with a seemingly insatiable appetite for peculiar detail and disturbances on the cultural landscape In Eat Don t Eat his ability to explore the world around him as a series of interconnections provides an intriguing new portrait of a remarkable city a veritable trifle of Roman bedrock and apogee cosmos and counterculture to be devoured with gusto Buon appetito
