Husband, Jonathan F. Husband, 2009-07-30 A guide to series fiction lists popular series identifies novels by character and offers guidance on the order in which to read unnumbered series *The Jew in the American War Novel* Ohad Reznick, 2025-03-31 This is the first book of its kind to provide an analysis of the representation of Jews in American war novels throughout the long twentieth century This study delineates the intricate relationship between Jews and wars Are Jews depicted as draft dodgers or heroes in American war fiction How do Jewish soldiers cope with anti Semitism in war novels Do Jewish women contribute to the war effort Addressing these questions among others this book analyzes texts some of which have been overlooked by critics and some by well known authors such as Ernest Hemingway and Philip Roth in order to trace the changes in the perception of Jews in relation to war Scrutinizing themes such as blood and masculinity The Jew in the American War Novel argues that the depiction of the Jew is characterized by progression and then regression in war novels published shortly after WWI non Jews see Jews as draft evaders who lack masculinity After WWII Jews began to be seen as contributing to the warfare However toward the end of twentieth century reflecting the reemergence of prevalent anti Semitism Jews are once again seen as disloyal resulting in a clash between the sense of Jewish and American identities TheoMedia Andrew Byers, 2014-08-28 The church can be uncertain of itself in our digital age Some Christians denounce the twenty first century s media culture while others embrace the latest gadgets and apps as soon as they appear Many of us are stumbling along amidst the tweets status updates podcasts and blog posts wondering if we have ventured into a realm beyond the scope of biblical wisdom Though there is such a thing as new media Andrew Byers reminds us that the actual concept of media is ancient theological and even biblical In fact there is such a thing as the media of God TheoMedia are means by which God communicates and reveals himself creation divine speech inspired writings the visual symbol of the cross and more Christians are actually called to media saturation But the media that are to most prominently saturate our lives are the media of God If God creates and uses media then Scripture provides a theological logic

by which we can create and use media in the digital age This book is not an unqualified endorsement of the latest media products or a tirade against media technology Instead Byers calls us to rethink our understanding of media in terms of the media of God in the biblical story of redemption

Each of his novels explores the tension between tradition and modernity and the clash between Jewish culture and contemporary Western civilization which he calls core to core culture confrontation Although primarily known as a novelist Potok is an ordained Conservative rabbi and a world class Judaic scholar who has also published children s books theological discourses biographies and histories Conversations with Chaim Potok presents interviews ranging from 1976 to 1999 Potok discusses the broad range of his writing and the deep influence of non Jewish novels in particular Evelyn Waugh s Brideshead Revisited and James Joyce s Portrait of the Artist as a Young Man on his work Interviews bear witness to Potok s many other influences Orthodox Jewish doctrine Freudian psychoanalytical theory Picasso s Guernica and Jewish kabbalah mysticism Though labeled an American Jewish writer Potok argues that Flannery O Connor should then be called an American Catholic writer and John Updike an American Protestant writer In his mind editor Daniel Walden writes just as Faulkner was a writer focused on a particular place Oxford Mississippi so Potok s territory was a small section of New York City Potok often explores conflict in his writings and in his interviews Strict Jewish teachings deem fiction an artifice and therefore unnecessary yet since the age of sixteen Potok has been driven to write novels At the root of all of these conversations is Potok s intense interest in the turmoil between Jewish culture religion and tradition and what he calls Western secular humanism As he discusses his work he continually includes broader issues such as the state of Jewish literature and art pointing out with pride and enthusiasm his belief that Jewish culture in the twentieth century has finally begun to have a significant role in producing and shaping the world s art and literature Whether discussing the finer details of Talmudic textual analysis or his period of chaplaincy during the Korean War Potok is articulate and philosophical bringing deep consideration into what may seem small subjects Although his novels and histories take place primarily in the recent past the Chaim Potok that emerges from this collection is a writer deeply rooted in the tensions of the present One of America s most popular Jewish writers Chaim Potok b 1929 is the author of such novels as The Chosen 1967 The Promise 1969 The Book of Lights 1981 and Davita s Harp 1985 Each of his novels explores the tension between tradition and modernity and the clash between Jewish culture and contemporary Western civilization which he calls core to core culture confrontation Although primarily known as a novelist Potok is an ordained Conservative rabbi and a world class Judaic scholar who has also published children s books theological discourses biographies and histories Conversations with Chaim Potok presents interviews ranging from 1976 to 1999 Potok discusses the broad range of his writing and the deep influence of non Jewish novels in particular Evelyn Waugh s Brideshead Revisited and James Joyce s Portrait of the Artist as a Young Man on his work Interviews bear witness to Potok s many other influences Orthodox Jewish doctrine Freudian psychoanalytical theory Picasso s Guernica and Jewish kabbalah mysticism Though labeled an American Jewish writer Potok argues that Flannery O Connor should then be called an American Catholic writer and John Updike an American Protestant writer In his mind editor Daniel Walden writes just as Faulkner was a writer focused on a particular place Oxford Mississippi so Potok s territory was a small

section of New York City Potok often explores conflict in his writings and in his interviews Strict Jewish teachings deem fiction an artifice and therefore unnecessary yet since the age of sixteen Potok has been driven to write novels At the root of all of these conversations is Potok's intense interest in the turmoil between Jewish culture religion and tradition and what he calls Western secular humanism As he discusses his work he continually includes broader issues such as the state of Jewish literature and art pointing out with pride and enthusiasm his belief that Jewish culture in the twentieth century has finally begun to have a significant role in producing and shaping the world's art and literature Whether discussing the finer details of Talmudic textual analysis or his period of chaplaincy during the Korean War Potok is articulate and philosophical bringing deep consideration into what may seem small subjects Although his novels and histories take place primarily in the recent past the Chaim Potok that emerges from this collection is a writer deeply rooted in the tensions of the present

Faith and Fiction Anita Gandolfo, 2007-08-30 In recent years there has been an explosion in the market for fiction on religious topics and themes most notably Dan Brown's *The Da Vinci Code* The variety of contemporary religious fiction and the publishing phenomenon surrounding it indicate that this literature transcends any overt religious meaning and is significant in its political and social implications it is emblematic of the contemporary American Zeitgeist Traditionally literature is both mirror and lamp reflecting the society that produces it and illuminating the values and interests of that society Recognizing both of those perspectives Gandolfo examines Christian literature's place in American culture today and explores the cultural meaning and significance of the wildly popular Christian fiction now available The phenomenon surrounding Dan Brown's *The Da Vinci Code* has led to a cottage industry of interpretations attacks and commentaries but one thing is certain the book has had an enormous impact on American society culture and religious understanding not to mention the publishing industry which scrambles to find similar religious books to feed to an eager public But *The Da Vinci Code* is not the only book of its type on the market today In recent years there has been an explosion in the market for fiction on religious topics and themes with an entire series devoted to the impending Rapture as described in the *Left Behind* series Some fiction does not take an explicitly religious theme as these books do Instead writers like Andre Dubus and Ron Hansen imbue their creative work with spiritual and religious themes embedded in the everyday lives and concerns of their characters Regardless of the specific approach what is not in doubt is that American readers have made the authors of these works wealthy as bookstores cannot stock their shelves with enough copies Why the recent surge of interest in Christian fiction How does it reflect trends in our culture and our lives How has it changed our society and our understanding of spirituality and religion How accurate are these books in terms of the theology they espouse The variety of contemporary religious fiction and the publishing phenomenon surrounding it indicate that this literature transcends any overt religious meaning and is significant in its political and social implications it is emblematic of the contemporary American Zeitgeist Traditionally literature is both mirror and lamp reflecting the society that produces it and illuminating the values and interests of that society Recognizing

both of those perspectives Faith and Fiction examines Christian literature's place in American culture today and explores the cultural meaning and significance of the wildly popular Christian fiction now available *Time*, 1972

The Jewish Struggle in the 21st Century Daniel Ian Rubin, 2021-04-12 Jews and the study of antisemitism are often disregarded in multiculturalism in the United States This brushing aside of the Jewish community places Jews in a very difficult situation because due to continued discrimination and prejudice Jews need recognition and acceptance in the multicultural community While light skinned American Jews are often perceived as White they are positioned between being considered White and somehow less than when they are found to be Jewish Therefore Jews find themselves in this nebulous space between the Black White binary This text takes a personal approach to the study of Jewish people antisemitism and the inclusion of the Jewish experience into university multicultural discourse It also introduces a new Jewish critical race framework that develops from Critical Race Theory and has similarities in the fight against racism and injustice in U S society The Jewish Struggle in the 21st Century Conflict Positionality and Multiculturalism addresses the needs of the Jewish community in the United States as it pertains to its tenuous position in the fields of multiculturalism and critical race studies It addresses the lack of representation in the diversity and multicultural education classroom as well as issues of antisemitism at the university level
