Intimate Reading Janet Mason Ellerby, 2001-06-01 Janet Mason Ellerby offers an analysis of the tragic events which have most influenced her writing and explores the relationship of her own narrative to others like it *Transforming Talk* Susan E. Phillips, 2011-04-01 In recent decades scholars have shown an increasing interest in gossip's social psychological and literary functions. The first book-length study of medieval gossip, *Transforming Talk* shifts the current debate and argues that gossip functions primarily as a transformative discourse influencing not only social interactions but also literary and religious practices. Known as jangling in Middle English, gossip was believed to corrupt parishioners, disturb the peace, and cause civil and spiritual unrest. But gossip was also a productive cultural force: it reconfigured pastoral practice, catalyzed narrative experimentation, and restructured social and familial relationships. *Transforming Talk* will appeal to a diverse audience including scholars interested in late medieval culture, religion, and society; Chaucer and women in the Middle Ages.

American Literature-Student James P. Stobaugh, 2012-11-01 Enjoy beloved classics while developing vocabulary, reading, and critical thinking skills. Each literature book in the series is a one-year course. Each chapter has five lessons with daily concept-building exercises, warm-up questions, and guided readings. Easy to use with suggested reading schedules and daily calendar. Equips students to think critically about philosophy and trends in culture and articulate their views through writing. A well-crafted presentation of whole book or whole work selections from the major genres of classic literature: prose, poetry, and drama. Each course has 34 chapters representing 34 weeks of study with an overview of narrative background material on the writers, their historical settings, and worldview. The rich curriculum's content is infused with critical thinking skills and an easy-to-use teacher's guide outlines student objectives with each chapter, providing the answers to the assignments and weekly exercises. The final lesson of the week includes both the exam covering insights on the week's chapter as well as essays developed through the course of that week's study, chosen by the educator and student to personalize the coursework for the individual learner. *The Wife's Relief* Charles Johnson, 1712 **The Family Economist**, 1848 **Witnessing**

Sadism in Texts of the American South Professor Claire Raymond, 2014-04-28 Looking at works by Carrie Mae Weems, Toni Morrison, Emily Dickinson, Flannery O'Connor, Dorothy Allison, Carson McCullers, and Zora Neale Hurston, Raymond uncovers a pattern of femininity constructed around representations of sadistic violence in American women's literature and photography. Raymond explores the idea that a femininity constructed by the positioning of the feminine character as witness to sadistic acts is a phenomenon distinctly of the American South that is linked to the culture's history of racism. **The Transgender Paradox: To Be Oneself** Amy Mueller, 2012-04-01 Comprehensive analysis and case study by a medically diagnosed Transsexual who completed gender reassignment surgery. An honest account of what life was like growing up with Gender Identity Disorder. Photographs are included showing progress, including earlier stages as a child. Raised Christian.

Universal Anthology Richard Garnett,1899 **The International Library of Famous Literature** Andrew Lang,Donald Grant Mitchell,1898 The Book of the Thousand Nights and a Night Leonard Charles Smithers,1894 *The Logic of Love in the Canterbury Tales* Manish Sharma,2022-04-27 The Logic of Love in The Canterbury Tales argues that Geoffrey Chaucer s magnum opus draws inventively on the resources of late medieval logic to conceive of love as an insoluble Philosophers of the fourteenth century expended great effort to solve insolubilia like the notorious Liar paradox in order to decide upon their truth or falsity For Chaucer however and in keeping with Christ s admonition from the Sermon on the Mount the lover does not judge does not decide on the beloved Through a series of detailed and rigorously non judgmental readings Manish Sharma provides new insight into each of the prologues and tales and intervenes into scholarly debates about their collective import In so doing The Logic of Love in The Canterbury Tales deploys Chaucer s understanding of charity to consider the limitations of modern critical approaches to The Canterbury Tales including deconstruction psychoanalysis and gender theory In the course of the analysis Sharma shows not only how love and medieval philosophy together inform Chaucerian composition but also how Chaucer could serve as a resource for contemporary theoretical reflections on love and ethics
