My Shining Archipelago Yale Series Of Younger Poets:

My Shining Archipelago Talvikki Ansel,1997 Winner of the 1996 Yale Series of Younger Poets Competition Ansel s poetry is refreshingly original She renders the heat the closeness the mystery and the terrible fear of the undisclosed the lurking the waiting to happen This is true imagination true craft James Dickey My Shining Archipelago Talvikki Ansel,1997-01-01 This collection of poetry was the winner of the 1996 Yale Series of Younger Poets competition The First Book Jesse Zuba, 2025-07-15 An illuminating look at the poetic debut in twentieth century American literary culture We have many poets of the First Book the poet and critic Louis Simpson remarked in 1957 describing a sense that the debut poetry collection not only launched the contemporary poetic career but also had come to define it Surveying American poetry over the past hundred years The First Book explores the emergence of the poetic debut as a unique literary production with its own tradition conventions and dynamic role in the literary market Through new readings of poets ranging from Wallace Stevens and Marianne Moore to John Ashbery and Louise Gl ck Jesse Zuba illuminates the importance of the first book in twentieth century American literary culture which involved complex struggles for legitimacy on the part of poets critics and publishers alike Zuba investigates poets diverse responses to the question of how to launch a career in an increasingly professionalized literary scene that threatened the authenticity of the poetic calling He shows how modernist debuts evoke markedly idiosyncratic paths while postwar first books evoke trajectories that balance professional imperatives with traditional literary ideals Debut titles ranging from Simpson's The Arrivistes to Ken Chen's Juvenilia stress the strikingly pervasive theme of beginning accommodating a new demand for career development even as it distances the poets from that demand Combining literary analysis with cultural history The First Book will interest scholars and students of twentieth century literature as well as readers and writers of poetry *Picture Bride* Cathy Song,1983-01-01 Poems portray people s journeys and migrations and pay homage to the art of the American painter Georgia O Keeffe and a Japanese printmaker

Monticello in Mind Lisa Russ Spaar, 2016-02-09 Thomas Jefferson was a figure both central and polarizing in his own time
and despite the passage of two centuries he remains so today Author of the Declaration of Independence and the Virginia
Statute for Religious Freedom yet at the same time a slaveholder who likely fathered six children by one of his slaves
Jefferson has been seen as an embodiment of both the best and the worst in America's conception and in its history In
Monticello in Mind poet Lisa Russ Spaar collects fifty contemporary poems most original to this anthology that engage the
complex legacy of Thomas Jefferson and his plantation home at Monticello Many of these poems wrestle with the history of
race and freedom at the heart of both Jefferson's story and America's own Others consider Jefferson as a figure of
Enlightenment rationalism who scrupulously excised evidence of the supernatural from the gospels in order to construct his

own version of Jesus s moral teachings Still others approach Jefferson as an early colonizer of the West whose purchase of the Louisiana territory and launch of the Lewis and Clark expedition anticipated the era of Manifest Destiny Featuring a roster of poets both emerging and established including Lucille Clifton Rita Dove Claudia Emerson Terrance Hayes Robert Hass Yusef Komunyakaa Tracy K Smith Natasha Tretheway Charles Wright and Kevin Young this collection offers an aesthetically and culturally diverse range of perspectives on a man whose paradoxes still abide at the heart of the American experiment Strange Good Fortune: Essays on Contemporary Poetry (p) ,2001 Zyzzyva ,1997 Jetty & Other Poems Talvikki Ansel,2003 The poems presented in this collection are spare but specific driven by a consciousness that perceives the world's details in order of preference nature femininity terror gathering strength through wisdom or vice versa
