selective in the personalities of the sunna examining the three prominent women of ahl al bayt Khadija Fatima and Zaynab Analysing the major sources of Imami Shi'i Islam including the exegetical compilations of the eminent Shi'i religious authorities of the classical and modern periods as well as the authoritative books of Shi'i traditions this book finds that the varieties of female personalities are portrayed as human beings on different stages of the spiritual spectrum They display feminine qualities which are often viewed positively and are sometimes commendable traits for men at least as far as the spiritual domain is concerned The theory particularly regarding women's humanity is then tested against the depiction of womanhood in the hadith literature with special emphasis on Nahj al Balagha Contributing a fresh perspective on classical materials this book will be of interest to students and scholars of Islamic Studies Women's Studies and Shi'i Studies

Medieval and Early Modern Islam presents alternative perspectives to patriarchal narratives and breaks new ground in its focus upon how people conceived of family structures and bloodlines In so doing it builds upon a tradition of studies seeking to dispel monolithic understandings of Islam and Gender      **Turning Point** Humera T. Ahsanullah,2013-01-16 It is the desire in a person that makes one seek the truth And it is the silent whispers of the heart that stirs those desires to take the courageous path Like the whispers of my heart to have my independent thinking to examine everything Like the yearning in me to find out why I exist and what really is the concept of God This led me to embark on my journey of discovery I was ready to take on the challenge Like me every one of us desires to know the answers to the meaning of their lives and beliefs Few gather the courage to walk this road Fear of what they might discover at the Turning Point of the road grips them fear of losing the comfort zone they possess shatters them and fear of being alone in the end terrifies them So they shun their desire for truth and subdue their courage for questioning and challenging What Turning Point has to offer is only for those who are ready to meet their fears take the challenge and find the answers If our Creator is the truth our puny challenges and questions can do no harm to its existence Are you ready      *Islamic Interpretive Tradition and Gender Justice* Nevin Reda,Yasmin Amin,2020-12-10 Since the 1980s Muslim women reformers have made great strides in critiquing and reinterpreting the Islamic tradition Yet these achievements have not produced a significant shift in the lived experience of Islam particularly with respect to equality and justice in Muslim families A new approach is needed one that examines the underlying instruments of tradition and explores avenues for effecting change In *Islamic Interpretive Tradition and Gender Justice* leading intellectuals and emerging researchers grapple with the problem of entrenched positions within Islam that affect women investigating the processes by which interpretations become authoritative the theoretical foundations upon which they stand and the ways they have been used to inscribe and enforce gender limitations Together they argue that the Islamic interpretive tradition displays all the trappings of canonical texts canonical figures and canon law despite the fact that Islam does not ordain religious authorities who could sanction processes of canonization Through this lens the essays in this collection offer insights into key issues in Islamic feminist scholarship ranging from interreligious love child marriage polygamy and divorce to stoning segregation seclusion and gender hierarchies Rooting their analysis in the primary texts and historical literature of Islam contributors to *Islamic Interpretive Tradition and Gender Justice* contest oppressive interpretative canons subvert classical methodologies and provide new directions in the ongoing project of revitalizing Islamic exegesis and its ethical and legal implications      *Language, Eros, Being* Elliot R. Wolfson,2009-08-25 This long awaited magisterial study an unparalleled blend of philosophy poetry and philology draws on theories of sexuality phenomenology comparative religion philological writings on Kabbalah Russian formalism Wittgenstein Rosenzweig William Blake and the very physics of the time space continuum to establish what will surely be a highwater mark in work on Kabbalah Not only a study of texts *Language Eros Being* is perhaps the fullest confrontation of the body in Jewish studies if

not in religious studies as a whole Elliot R Wolfson explores the complex gender symbolism that permeates Kabbalistic literature Focusing on the nexus of asceticism and eroticism he seeks to define the role of symbolic and poetically charged language in the erotically configured visionary imagination of the medieval Kabbalists He demonstrates that the traditional Kabbalistic view of gender was a monolithic and androcentric one in which the feminine was conceived as being derived from the masculine He does not shrink from the negative implications of this doctrine but seeks to make an honest acknowledgment of it as the first step toward the redemption of an ancient wisdom Comparisons with other mystical traditions including those in Christianity Buddhism and Islam are a remarkable feature throughout the book They will make it important well beyond Jewish studies indeed a must for historians of comparative religion in particular of comparative mysticism Praise for Elliot R Wolfson Through a Speculum That Shines is an important and provocative contribution to the study of Jewish mysticism by one of the major scholars now working in this field Speculum

*Historical Dictionary of Sufism* John Renard, 2015-11-19 The most broadly accepted explanation of Sufism is the etymological derivation of the term from the Arabic for wool of associating practitioners with a preference for poor rough clothing This explanation clearly identifies Sufism with ascetical practice and the importance of manifesting spiritual poverty through material poverty In fact some of the earliest Western descriptions of individuals now widely associated with the larger phenomenon of Sufism identified them with the Arabic term faqir mendicant or its most common Persian equivalent darwish Sufism as presented here embraces a host of features including the ritual institutional psychological hermeneutical artistic literary ethical and epistemological This second edition of Historical Dictionary of Sufism contains a chronology an introduction a glossary and an extensive bibliography The dictionary section has over 1 000 cross referenced entries on important personalities major historical figures and movements practices economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Sufism

*Sufism East and West* Jamal Malik, Saeed Zarrabi-Zadeh, 2019-07-15 In Sufism East and West the contributors investigate the redirection

and dynamics of Sufism in the modern era specifically from the perspective of global cross cultural exchange Edited by Jamal Malik and Saeed Zarrabi Zadeh the book explores the role of mystical Islam in the complex interchange and fluidity in the resonance spaces of East and West The volume challenges the enduring Orientalist binary coding of East versus West and argues instead for a more mutual process of cultural plaiting and shared tradition By highlighting amendments adaptations and expansions of Sufi semantics during the last centuries it also questions the persistent perception of Sufism in its post classical epoch as a corrupt imitation of the legacy of the great Sufis of the past **For God's Sake** Antony

Loewenstein, Jane Caro, Rachel Woodlock, Simon Smart, 2013-07-01 Four Australian thinkers come together to ask and answer the big questions such as What is the nature of the universe Doesn't religion cause most of the conflict in the world and Where do we find hope We are introduced to the detail of different belief systems Judaism Christianity Islam and to the argument that atheism like organised religion has its own compelling logic And we gain insight into the life events that led each author to their current position Jane Caro flirted briefly with spiritual belief inspired by 19th century literary heroines such as Elizabeth Gaskell and the Brontë sisters Antony Lowenstein is proudly culturally yet unconventionally Jewish Simon Smart is firmly and resolutely a Christian but one who has had some of his most profound spiritual moments while surfing Rachel Woodlock grew up in the alternative embrace of Baha'i belief but became entranced by its older parent religion Islam Provocative informative and passionately argued For God's Sake encourages us to accept religious differences but to also challenge more vigorously the beliefs that create discord **No Shame for the Sun** Shahla Haeri, 2002-11-01 This
