The thinkers who have been most influential on the attitudes of the New Left are examined in this study by one of the leading critics of leftist orientations in modern Western civilization Scruton begins with a ruthless analysis of New Leftism and concludes with a critique of the key strands in its thinking He conducts a reappraisal of such major left wing thinkers as E P Thompson Ronald Dworkin R D Laing Jurgen Habermas Gyorgy Lukacs Jean Paul Sartre Jacques Derrida Slavoj Zizek Ralph Milliband and Eric Hobsbawm In addition to assessments of these thinkers philosophical and political contributions the book contains a biographical and bibliographical section summarizing their careers and most important writings In Thinkers of the New Left Scruton asks what does the Left look like today and as it has evolved since 1989 He charts the transfer of grievances from the working class to women gays and immigrants asks what can we put in the place of radical egalitarianism and what explains the continued dominance of antinomian attitudes in the intellectual world Can there be any foundation for resistance to the leftist agenda without religious faith Scruton s exploration of these important issues is written with skill perception and at all times with pellucid clarity The result is a devastating critique of modern left wing thinking      *My Strange Quest for Mensonge* Malcolm Bradbury,1987 Satirisch portret van een modern filosoof      *The Cool Knife* Thomas O.
