No Promises in the Wind Audrey A. Friedman, 1985 **No Promises in the Wind**, 1985 *No Promises in the Wind* by Irene Hunt Laura Huerta, 1988 **If this is Social Studies, why Isn't it Boring?** Stephanie Steffey, Wendy J.

Hood, 1994 The provocative title of this book plays on a too familiar response from teachers and students alike But now many teachers have begun to seek an approach to social studies that takes account of the ways children learn and that builds on their own knowledge and strengths The authors in this book have found ways to do this Wendy Hood writes in the Introduction that they have not only rediscovered social studies education in general they have also found themselves exploring the many disciplines of the social sciences that combine to make social studies The issues of the disciplines are visible the content of the disciplines is visible and the questions central to each discipline are central in these classrooms While the studies described began in one discipline they branched out or melted into one or more of the others In this contributed collection twenty three teachers explain their successful strategies for teaching the social studies disciplines in a whole language context *If This Is Social Studies* covers contemporary subjects the Gulf War traditional topics students as historians well known projects Scottish Storyline social studies in the community and multicultural matters Teachers at elementary through middle and high school levels will find this book's holistic approach to social studies a refreshing departure and a source of new practical ideas Indeed the diversity of ideas and styles is as broad as the book's subject

Teach the Way the Brain Learns Madlon T. Laster, 2009-06-16 *Teach the Way the Brain Learns* discusses organizing learning experiences under themes Once the brain has stored basic concepts in the curriculum the storing by association system of the brain attaches new information to those basic concepts building new ones as students have learning experiences that involve them in integrated subject matter Thematic teaching has been around for quite a while stemming from John Dewey and learning by doing Teachers need to return to it in view of the effects of narrowed curricula resulting from nationwide emphasis on testing and on rating schools based on student achievement This book provides ways for teachers to link subjects and areas of learning for various teaching situations and takes readers from simple correlation through using published thematic units now available and on to developing their own interdisciplinary themes or in team
