**Una Visita á las Islas Filipinas ... Traducción con notas para la "Revista de Filipinas."** John Bowring, 1876  
*Competencia estratégica para la comprensión auditiva en español como lengua extranjera* Martín Leralta, Susana, 2009  
Los estudiantes de español como lengua extranjera desarrollan rápidamente destrezas de comprensión y expresión escritas mientras que las de comprensión y expresión orales se limitan al uso académico de la lengua. Para dar respuesta a esta necesidad se ha desarrollado una investigación de acción en el aula que incluye la comprensión auditiva en el programa ELE para dirigir y facilitar los procesos naturales de escucha de los aprendizajes ejercitando la competencia estratégica aplicada a esta destreza lingüística. El presente trabajo recoge el marco teórico que sustenta la investigación que se articula en tres apartados: La competencia estratégica en el aprendizaje formal de LE. El comportamiento estratégico en la didáctica de la comprensión auditiva y La integración de un entrenamiento de estrategias de comprensión auditiva en el programa de ELE.

**The Publishers Weekly**, 1908      Second Language Task Complexity Peter Robinson, 2011-09-13 Understanding how task complexity affects second language learning interaction and spoken and written performance is essential to informed decisions about task design and sequencing in TBLT programs. The chapters in this volume all examine evidence for claims of the Cognition Hypothesis that complex tasks should promote greater accuracy and complexity of speech and writing as well as more interaction and learning of information provided in the input to task performance than simpler tasks. Implications are drawn concerning the basic pedagogic claim of the Cognition Hypothesis that tasks should be sequenced for learners from simple to complex during syllabus design. Containing theoretical discussion of the Cognition Hypothesis and cutting edge empirical studies of the effects of task complexity on second language learning and performance, this book will be important reading for language teachers, graduate students and researchers in applied linguistics, second language acquisition and cognitive and educational psychology.

**Didáctica de la Lengua y la Literatura, tomo II** VVAA, 2017-05-09 Este primer volumen se debe a la inquietud por compendiar y actualizar los contenidos de la Didáctica de la lengua y la literatura en un panorama de cambio constante cultural y de prácticas, así como también debido a la transformación de las nuevas tecnologías y del paradigma educativo que evoluciona hacia otros modelos alternativos y hacia la personalización de la enseñanza. El libro contiene un compendio de capítulos donde se diversifican los temas que abarca el concepto de Didáctica de la Lengua y la Literatura, así como presenta de forma novedosa otras cuestiones de este tipo de Didáctica del que no encontramos muchos monográficos respecto a la práctica. Queríamos que de este panorama participaran académicos especialistas en estas cuestiones también de otras nacionalidades para de este modo conceder una impronta global al volumen y un punto de vista plural por las culturas que están representadas. En este volumen participan primero Ramón Tena de la Universidad de Extremadura y otros con una propuesta metodológica innovadora acerca de la ABP aplicada de las CC SS las lenguas y las literaturas, segundo Milka Villayandre y Laura Llanos de la Universidad de León con el uso de diccionarios electrónicos en la clase de

adolescents learning English in primary or secondary schools as well as Spanish learners in high school and university settings filling a gap in research on younger learners and languages other than English The book addresses the need for empirical data on the mental lexicon of English or Spanish learners particularly in primary or secondary classrooms a scarcely investigated educational context **Catalogue of Title Entries of Books and Other Articles Entered in the Office of the Register of Copyrights, Library of Congress, at Washington, D.C. ,1901** **Catalog** University of Texas.
