

Parent Guide to the LEAP 2025 Student Reports

The Parent Guide to the LEAP 2025 Student Reports for grades 3-12 is now available in the [Family Support Toolbox Library](#).

- This guide helps parents read and interpret the LEAP 2025 student reports, with accompanying online resources.
- The guide should be sent home with the student reports.
- Translated versions are available in Spanish, Vietnamese and Arabic in the Toolbox library.

Translated versions of the student report text and performance levels for all subjects and grade levels are also available to support non-English speaking families in reading their child's report.

**PARENT GUIDE TO THE
LEAP 2025 STUDENT REPORTS**

HOW DID MY CHILD PERFORM ON THE LEAP 2025 THIS YEAR?

At the top of each report is your child's overall performance information including:

- Overall achievement level
- Overall grade point
- Examples of specific skills and standards or items for performance in each area
- How your child has done from previous years following that standard in the other half of the year

How to Read the Report

The performance levels are part of the achievement scale. There are four levels of performance and each has an explanation of what grade level you're at. The score ranges change slightly across grade levels and subjects.

Grade	Level 1	Level 2	Level 3	Level 4
Grade 3	Below Basic	Basic	Proficient	Advanced
Grade 4	Below Basic	Basic	Proficient	Advanced
Grade 5	Below Basic	Basic	Proficient	Advanced
Grade 6	Below Basic	Basic	Proficient	Advanced
Grade 7	Below Basic	Basic	Proficient	Advanced
Grade 8	Below Basic	Basic	Proficient	Advanced
Grade 9	Below Basic	Basic	Proficient	Advanced
Grade 10	Below Basic	Basic	Proficient	Advanced
Grade 11	Below Basic	Basic	Proficient	Advanced
Grade 12	Below Basic	Basic	Proficient	Advanced

Remember a student's level of achievement is not a label. It is a snapshot of what a student knows and can do at the time of the assessment. It does not represent a student's potential or ability to learn.

HOW SHOULD I, OR MY CHILD'S TEACHER, USE THESE RESULTS?

The report is a snapshot of the year's performance. It is not a final judgment of a student's ability. The information will be used to help the student and the teacher plan for the next year. It is not a measure of a student's potential or ability to learn.

As a parent, you can use the report to help guide a discussion with your child's teacher about the student's progress and the areas that need more support. It is not a measure of a student's potential or ability to learn.

What are the next steps for students who are not at the expected level?

- If a student is at the below basic level, the teacher will provide additional support and resources.
- If a student is at the basic level, the teacher will provide additional support and resources.
- If a student is at the proficient level, the teacher will provide additional support and resources.
- If a student is at the advanced level, the teacher will provide additional support and resources.
