archipelago consisting of three islands Gozo Comino and Malta itself located in the central Mediterranean The strategic
location of the islands has meant that they have long enjoyed an importance out of all proportion to their small size Malta has
a history of control by colonial powers and this is reflected in the ethnic background of its population which comprises Arabs
Normans Sicilians English Spanish and Italians Occupied at various periods by the Thoenicians the Greeks the Carthaginians
the Romans the Knights of St John and the French Malta became a crown colony of Britain in 1814 During the Second World
War the islands played a crucial role for the Allies and the bravery shown by the people prompted King George VI to award
the entire colony the George Cross Britain s highest honour for valour The nation achieved full independence in 1964 and
became a republic in 1974 This revised bibliography fully updates the first edition published in 1985 and pays particular
