Rewriting Rewriting Cathy Jellenik, 2007 Although the storytelling of any time rewrites itself rewriting became a primary concern in the literature of the twentieth century an era characterized as having quoted reenacted cannibalized revised redone refurbished and outright plagiarized the texts of earlier times The modern obsession with literary reiteration manifests itself in a rather unique way in the narratives of Marguerite Duras Annie Ernaux and Marie Redonnet These authors systematically and repeatedly rewrite their own texts and in so doing give evidence of three of the more salient aspects of twentieth century French literature a trend toward the representation of multifaceted selves a desire to reevaluate the literary paradigm and an acute concern for the unreliability of language This book argues that the rewriting performed by Duras Ernaux and Redonnet moves beyond the tacit rewriting that occurs in any text toward a renovation of various features of the literary arena within which they circulate Cathy Jellenik argues that all writing contains rewriting an argument grounded in the theoretical apparatuses of Saussure Bakhtin Benveniste Barthes Kristeva and Derrida She then examines and interrogates the ways in which Duras Ernaux and Redonnet use rewriting to question and rethink the literary traditions they inherit Jellenik suggests that the rewriting projects of Duras Ernaux and Redonnet promise to lead them and their readers toward the creation of a new literary aesthetic capable of responding to the questions of our times

Paths to Contemporary French Literature John Taylor, 2011-12-31 Although the great French novelists of the last two centuries are widely read in America there is a widespread notion that little of importance has happened in French literature since the heyday of Sartre Camus and the nouveau roman Some might argue that even well read Americans are ignorant about what is happening in European literature generally Certainly there has never been so few translations of foreign books in the United States or so little coverage of foreign writers Curious American readers need new up to date information and analyses about what is happening elsewhere Paths to Contemporary French Literature is a stimulating and much needed guide to the major currents of one of the world's great literatures This critical panorama of contemporary French literature introduces English language readers to over fifty important writers and poets many of whom are still little known outside of France Emphasizing authors who are admired by their peers as opposed to those with overnight reputations John Taylor offers a compelling insider's view The pioneering essays included in this book offer incisive analyses of the ideas motivating current writing and delve into a writer's or poet's entire output Although some names may be familiar Marguerite Duras Hélène Cixous Philippe Jaccottet Henri Michaux the reader obtains fresh reappraisals of their seminal work Especially noteworthy however are Taylor's lively introductions to many other key writers who either have not yet crossed the English Channel let alone the Atlantic Combating the notion that French literature is overtly intellectual inaccessible or

interested only in formal experimentation Taylor shows that many French writers are instead acutely inquisitive about the outside world shrewd observers of reality even very funny Although not conceived as a reference book the volume possesses some qualities of a reference work a good bibliography reliable dates and biographical facts Paths to Contemporary French Literature will be of interest to students of French literature and culture literary scholars and readers of contemporary fiction and poetry *MLA International Bibliography of Books and Articles on the Modern Languages and Literatures* ,1994

As authors may be supposed to know better than anyone else what they intended to do when writing a book, I beg leave to say that there is no moral to this story. Rose is not designed for a model girl and the Sequel was simply written in fulfillment of a promise, hoping to afford some amusement and perhaps here and there a helpful hint to other roses getting ready to bloom.
