Rosellen Brown Reader Selected Poetry And Prose:

A Rosellen Brown Reader Rosellen Brown, 1993-11 The author of *Tender Mercies* and *Civil Wars* demonstrates her command of diverse genres in this engaging collection of poetry short stories and essays Best known for her carefully crafted emotionally resonant novels Rosellen Brown is committed to the ideal of the well rounded writer She shifts easily from prose to poetry from fiction to nonfiction from novels to short stories with an assured mastery of each form that enriches her work in the others This Reader is the first book to bring together her work in a variety of genres presenting many previously uncollected stories and essays The collection reveals the wide range of her imagination and the evolution of her central themes Like a pilot flying low over the land she writes in her introduction I've finally been able to study what my central work my novels can't teach me the general shape of my preoccupations across the years the rises and declines of skill curiosity casual engagement and inescapable obsession Intermixing clusters of short stories poetry and essays Brown creates a collage of her own writing in which certain themes the struggle for self definition in terms of gender ethnic heritage or sense of place the responsibilities of human beings to one another the constant challenge of adapting to changing circumstances recur in the midst of experimentation in form voice and structure In a final interview she says ultimately all of our work will be seen from a distance like a view of the earth from above and it will turn out that the shape and size of this or that body of writing will look wholly different from up there This Reader is our first step in gaining that elevated perspective on a distinguished career

Mother Reader Moyra Davey, 2001-05-01 The intersection of motherhood and creative life is explored in these writings on mothering that turn the spotlight from the child to the mother herself Here in memoirs testimonials diaries essays and fiction mothers describe first hand the changes brought to their lives by pregnancy childbirth and mothering Many of the writers articulate difficult and socially unsanctioned maternal anger and ambivalence In *Mother Reader* motherhood is scrutinized for all its painful and illuminating subtleties and addressed with unconventional wisdom and candor What emerges is a sense of a community of writers speaking to and about each other out of a common experience and a compilation of extraordinary literature never before assembled in a single volume

Disarming the Nation Elizabeth Young, 1999-12-15 In a study that will radically shift our understanding of Civil War literature Elizabeth Young shows that American women writers have been profoundly influenced by the Civil War and that in turn their works have contributed powerfully to conceptions of the war and its aftermath Offering fascinating reassessments of works by white writers such as Harriet Beecher Stowe Louisa May Alcott and Margaret Mitchell and African American writers including Elizabeth Keckley Frances Harper and Margaret Walker Young also highlights crucial but lesser known texts such as the memoirs of women who masqueraded as soldiers In each case she explores the interdependence of gender with issues of race sexuality region and nation Combining literary analysis cultural history and feminist theory *Disarming the*

Nation argues that the Civil War functioned in women's writings to connect female bodies with the body politic. Women writers used the idea of civil war as a metaphor to represent struggles between and within women, including struggles against the cultural prescriptions of civility. At the same time, these writers also reimagined the nation itself, foregrounding women in their visions of America at war and in peace. In a substantial afterword, Young shows how contemporary black and white women, including those who crossdress in Civil War reenactments, continue to reshape the meanings of the war in ways startlingly similar to their nineteenth-century counterparts. Learned, witty, and accessible, *Disarming the Nation* provides fresh and compelling perspectives on the Civil War women's writing and the many unresolved civil wars within American culture today.

Contemporary Jewish-American Novelists Joel Shatzky, Michael Taub, 1997-07-16

Since World War II, Jewish American novelists have significantly contributed to the world of literature. This reference book includes alphabetically arranged entries for more than 75 Jewish American novelists whose major works were largely written after World War II. Included are entries for both well-known and relatively obscure novelists, many of whom are just becoming established as significant literary figures. While the volume profiles major canonical figures such as Saul Bellow, Norman Mailer, and Bernard Malamud, it also aims to be more inclusive than other works on contemporary Jewish American writers. Thus, there are entries for gay and lesbian novelists such as Lev Raphael and Judith Katz, whose works challenge the more orthodox definition of Jewish religious and cultural traditions. Art Spiegelman, whose controversial *Maus* established a new genre by combining elements of the comic book and the conventional novel, and newcomers such as Steve Stern and Max Apple, who have become more prominent within the last decade, are also included. Each entry includes a brief biography, a discussion of major works and themes, an overview of the novelist's critical reception, and a bibliography of primary and secondary sources. A thoughtful introduction summarizes Jewish American fiction after World War II, and a selected general bibliography lists additional sources of information.

Since World War II, Jewish American novelists have made numerous significant contributions to contemporary literature. Authors of earlier generations would frequently write about the troubles and successes of Jewish immigrants to America, and their works would reflect the world of European Jewish culture. But like other immigrant groups, Jewish Americans have become increasingly assimilated into mainstream American culture. Many feel the loss of their heritage and long for something to replace the lost values of the old world.
