Rosemary Vereys Garden Diary:

Rosemary Verey's Garden Diary Rosemary Verey, 1992-09-01 Green thumbs can note daily observations of their own gardens next to the pages of text written by a respected garden writer to record the growth of plants and wildlife throughout the entire year Rosemary Verey Barbara Paul Robinson, 2012-08-30 The biography of the inspiring woman who found late in life success as a powerhouse of British garden design Booklist Rosemary Verey was a great English gardening legend Although she embraced gardening late in life she quickly achieved international renown She was the acknowledged apostle of the English style on display at her home at Barnsley House the must have adviser to the rich and famous including Prince Charles and Elton John and a wildly popular lecturer in America Born between the two World Wars she could have easily lived a predictable and comfortable life but a devastating accident changed everything Then with her architect husband she went on to create the gardens at their home that became a mandatory stop on every garden tour in the 1980s and 1990s At sixty two she wrote her first book followed by seventeen more in twenty years By force of character hard work and determination she tirelessly promoted herself and her garden lessons traveling worldwide to lecture sell books and spread her message She was a natural teacher encouraging her American fans to believe that they were fully capable of creating beautiful gardens while validating their quest for a native vernacular She also re introduced the English to their own gardening traditions Drawing from garden history and its literature she developed a language of classical formal design embellished with her exuberant planting style Rosemary Verey in her life as in her work was the very personification of the English garden style This book is for anyone who believes a garden makes one small part of this earth a little more beautiful

Lady Gardeners Francesca Orestano, Michael Vickers, 2023-10-12 The Lady Gardeners are those women who from the eighteenth century to the present day have been working in a garden from imagining and creating it to sowing planting pruning painting and photographing plants and moving from garden design to more urgent themes such as landscape conservation and environmental issues Types and Shadows: Diaries 2004-2015 Roy Strong, 2020-11-26 Roy Strong's diaries are a treasure magnificently readable THE TIMES Essential reading TATLER When it comes to viperish high society gossip Roy Strong is in a class of his own DAILY MAIL In January 2004 where his third volume of Diaries begins Roy Strong was in a state of deep grief following the death of his wife Julia Trevelyan Oman three months earlier Yet the following years demonstrate his determination energy and creativity New ideas for books are brought to fruition regular forays into the worlds of TV and radio are made concluding with the Sir Portrait exhibition at the National Portrait Gallery and news of his forthcoming appointment as a Companion of Honour for services to the nation's culture Encounters with churchmen politicians royalty and friends old and new are all described with a telling eye for detail and delicious wit While there is frustration at the changing world around him Types and Shadows is a hugely informative and entertaining record of a uniquely full and colourful life Women and Their Gardens Catherine Horwood, 2012-04 From the golden age in English

history to today's gardeners and designers this volume recognizes women's contributions to gardening in Britain and around the world spanning more than four centuries. Despite growing vegetables for their kitchens, tending herbs for their medicine cupboards and teaching other women about the craft before agricultural schools officially existed, women have been mere footnotes in the horticultural annals for specimens collected abroad. These pioneers' influence on the style of gardens in the present day is illustrated here in a style both accessible and scholarly. Presenting a rare bouquet, this collection shares the stories of more than 200 women who have been involved with garden design, plant collecting, flower arranging, botanical art, garden writing and education. Garden Design, 1994 **Hugh Johnson In The Garden** Hugh Johnson, 2009-06-04

Tradescant's Diary a column of garden jottings first appeared in the RHS magazine *The Garden* in June 1975. Hugh Johnson was its author in addition to his being Editorial Director of the magazine and it became a monthly fixture for the RHS's committed gardeners. Hugh's writings are filled with an eclectic mixture of topical whimsical and humorous anecdotes and are organised to follow a gardener's monthly calendar. Under the name *Tradescant's Diary* a name taken from John Tradescant, gardener to Lord Cecil at Hatfield House and to King James I who was one of the first men to introduce plants from foreign countries to his own garden. Hugh's writings appeared in *The Garden* from 1975-2006. In *Gardens Illustrated* in 2007 and in 2008 still appear as monthly blogs through his own website www.tradsdiary.com **The Garden**, 2002

Gardens and Gardening in the Chesapeake, 1700-1805 Barbara Wells Sarudy, 1998-06-05 In *Gardens and Gardening in the Chesapeake* Barbara Wells Sarudy recovers this lost world using a remarkable variety of sources: historic maps, travelers' accounts, diaries, paintings, some on the back of Baltimore painted chairs, account ledgers, catalogues and newspaper advertisements. She offers an engaging account of the region's earliest gardens, introducing us to the people who designed and tended these often elaborate landscapes and explaining the forces and finances behind their creation. From the favorite books of early gardeners to the republican balance between table and ornamental gardens, Sarudy includes details that give us an understanding of Chesapeake gardening from settlement through the early national period. **Great British Gardeners** Vanessa Berridge, 2018-05-15 Through the stories of twenty-six inspiring figures from Capability Brown, Humphry Repton and Vita Sackville-West to lesser-known figures and present-day gardeners such as Beth Chatto and John Brookes, this book brings the colourful history of British gardening to life. **Diaries, 1971-1983** James Lees-Milne, Michael

Bloch, 2011-12-21 Funny, indiscreet, candid, touching and sharply observed, this second compilation from James Lees-Milne's celebrated diaries covers his life during his sixties and early seventies when he was living in Gloucestershire with his formidable wife Alvilde. It vividly portrays life on the Badminton estate of the eccentric Duke of Beaufort, meetings with many friends including John Betjeman, Bruce Chatwin and the Mitford sisters, and the diarist's varied emotional experiences. Having made his name as the National Trust's country houses expert and a writer on architecture, he now established himself as a novelist and biographer. With some misgivings, he published his wartime diaries, little imagining that it was as a diarist that he

would achieve lasting fame Diaries, 1984-1997 James Lees-Milne, Michael Bloch, 2011-12-21 This final compilation from James Lees Milne's celebrated diaries covers the last fourteen years of his life when he was living on the Duke of Beaufort's Badminton estate. Old age and infirmity have not dimmed his sharpness, literary skill or interest in the world around him and his reflection on people, places and experiences are as vivid as ever. A tour of the Cotswolds makes him ruefully aware of the yuppie trends of the Thatcher era while he predicts that the New Labour victory will bring a descent into American style vulgarity and yob culture. Witty, waspish, poignant and candid, James Lees Milne's last diaries contain as much to delight as the first and confirm his reputation as one of the great commentators of his times *Scenes and Apparitions* Roy Strong, 2016-11-03 Viper wit from the gardener, writer and Knight of exquisite taste. DAILY TELEGRAPH. Funny, barbed and moving, magnificently readable. THE TIMES. *Scenes and Apparitions* covers a period of Roy Strong's life from 1988 to 2003. A sequel to *Splendours and Miseries*, it is an unmissable record of how a citizen at the close of the second Elizabethan age observed and chronicled his own world at the turn of the century. Although it is not without tragedy—the murder of his friend Gianni Versace and the death of his beloved wife Julia Trevelyan Oman—there is plenty to enjoy from his descriptions of Elton John's fiftieth birthday party to a concert for the Queen Mother and his portraits of marriage, friendship, work and his celebrated garden. The Laskett **A Little History of British Gardening** Jenny Uglow, 2012-10-31 Get out in your garden and discover the history hidden in the hedges. Did the Romans have rakes? Did the monks get muddy? Did potatoes seem really, really weird when they arrived on our shores? Drawn from Jenny Uglow's own love for plants, this lively potted history of gardening in Britain takes us on a garden tour from the thorn hedges around prehistoric settlements to the rage for ornamental grasses and outdoor rooms today. Tracking down the ordinary folk who worked the earth from weeding women to florists as well as aristocrats and grand designers and famous plant hunters, *A Little History of British Gardening* is brought to life by gorgeously vivid illustrations and Uglow's insightful wisdom. Not only dealing with flowery meads, grottoes and vistas, landscapes and ha-has, parks and allotments, Uglow explains, for example, how the Tudors made their curious knots, how housewives used herbs to stop freckles, how the suburbs dug for victory in World War II. With a brief guide to particular historic or evocative gardens open to the public, this is a book to put in your pocket when planning a crisp winter's day out, but also to read in your armchair with a well-earned glass of red after a hard day's graft in your own garden. Enchanting, stirring, evocative and fascinating. Daily Mail. This book will be a joy for any gardener. Independent **Garden Calendar**, 1996 **A Green and Pleasant Land** Ursula Buchan, 2013-03-07 SHORTLISTED FOR INSPIRATIONAL BOOK OF THE YEAR AT THE 2014 GARDEN MEDIA GUILD AWARDS. The wonderfully evocative story of how Britain's World War Two gardeners, with great ingenuity, invincible good humour and extraordinary fortitude, dug for victory on home turf. *A Green and Pleasant Land* tells the intriguing and inspiring story of how Britain's wartime government encouraged and cajoled its citizens to grow their own fruit and vegetables. As the Second World War began in earnest and a whole nation listened to

wireless broadcasts dug holes for Anderson shelters counted their coupons and made do and mended so too were they instructed to Dig for Victory Ordinary people as well as gardening experts rose to the challenge gardens scrubland allotments and even public parks were soon helping to feed a nation deprived of fresh produce As Ursula Buchan reveals this practical contribution to the Home Front was tackled with thrifty ingenuity grumbling humour and extraordinary fortitude The simple act of turning over soil and tending new plants became important psychologically for a population under constant threat of bombing and even invasion Gardening reminded people that their country and its more innocent and insular pursuits were worth fighting for Gardening in wartime Britain was a part of the fight for freedom

Over the Hills from Broadway David Wheeler, 1991 A look at some of England's most noted gardens including Highgrove Rodmarton Manor and Barnsley House as well as many unknowns This is the first book of commissioned garden paintings since 1926 and the only illustrated book on Cotswold Gardens
