Rosenbach Abroad Leslie A. Morris, 1988 *Bibliophiles and Bibliothieves* Opritsa D. Popa, 2008-08-22 In *Bibliophiles and Bibliothieves* Opritsa Popa has documented what might justifiably be described as the most celebrated case of looting of two German cultural treasures by a member of the U S Army at the end of World War II and their subsequent odyssey across both an ocean and a continent the pilfering from a cellar in Bad Wildungen of the ninth century Liber Sapientiae containing the two leaves of the oldest extant German heroic poem the Old High German Hildebrandslied along with the fourteenth century illuminated Willehalm codex both of which had been removed from the State Library in Kassel for protection from bombing raids Collecting the Past Toby Burrows, Cynthia Johnston, 2018-10-03 Today's libraries and museums are heavily indebted to the passions and obsessions of numerous individual collectors who devoted their lives to amassing collections of books manuscripts artworks and other culturally significant objects *Collecting the Past* brings together the latest research on a wide range of significant British collectors from the eighteenth to the twentieth centuries including Hans Sloane Sarah Sophia Banks Thomas Phillipps Sydney Cockerell J P Morgan Jr Alfred Chester Beatty and R E Hart Contributors to the volume examine the phenomenon of collecting in a variety of settings and across a range of different materials Considering the aims and motives that led these collectors to assemble such remarkable collections the book also examines the history of these collections after the collector's death Particular attention is given to the often complicated relationship between collectors and the public institutions that subsequently came to house their collections Situated within the framework of cultural collecting more generally this book offers an authoritative series of essays on key collectors *Collecting the Past* should be most interesting to researchers academics and postgraduate students engaged in the study of museum studies book history manuscript studies museum history library history and the history of collecting Professionals in libraries museums and galleries will also find the volume of great interest The Shakespeare First Folio: A new worldwide census of first folios Anthony James West, 2001 Existing copies of the Shakespeare First Folio 1623 were surveyed and counted a hundred years ago in Sidney Lee's Census of 1902 Since then some seventy copies have come to light some of which are only now identified as First Folios This new Census lists 229 copies giving concise descriptions of each The entries cover condition including the number of original leaves items of special interest provenance and binding A concordance of Lee and West numbers is also provided To set the stage the volume tells the story of the search for copies and the detective work involved in dealing with doubtful identifications Because Folios survive in such a wide variety of condition the tests for defining what to count as a copy are described then demonstrated with three unnumbered unrecognized copies at the Folger Shakespeare Library Finally details of missing copies are given to increase the likelihood of their rediscovery **A Guide to Early Printed Books and Manuscripts** Mark Bland, 2013-03-26 *A Guide to Early Printed Books and Manuscripts* provides an introduction to the language and concepts employed in bibliographical studies and textual scholarship as they pertain to
