*Tales of the Puppet Master* Pierre S. Freeman, 2023-06-23 The published works of H Spencer Lewis founder of the Rosicrucian cult AMORC have been read by millions over the past hundred years Many who believed that his writings contained the secrets of the universe soon found themselves controlled and brainwashed by an organization they hoped would bring enlightenment For twenty six years author Pierre S Freeman was one of these victims Now he is speaking out to help prevent others from falling into the same trap In *Tales of the Puppet Master* Emperor Imperator Speaks Freeman examines five of H Spencer Lewis s well known publications The truths exposed include how Lewis was able to gain the public s trust and boost his intellectual and scientific platform by posing as a public watchdog for subliminal messages all the while seeking to administer his own mind control program used questionable cosmology and science to shape himself into the image of God explained his doctrine of reincarnation through a lame fictional story of early man had connections to Nazi Germany Mussolini and other anti Semitic movements This compelling exploration examines the dangers of brainwashing and how one individual has been able to exude power over others through his writings and methodologies Never before has anyone challenged AMORC and its founder s works so directly Marvyn Scudder Manual of Extinct Or Obsolete Companies, 1926 Catalog of Printed Books. Supplement Bancroft Library, Ritual America Craig Heimbichner, Adam Parfrey, 2012-03-06 Adam Parfrey is one of the nation s most provocative publishers Seattle Weekly Secret society historian Craig Heimbichner follows the Middle Path to wisdom He works the graveyard shift in the secret lodge Joan d Arc Paranoia magazine Secret societies now a staple of bestseller novels are pictured as sinister cults that use hooded albinos to menace truth seekers Some conspiracy books claim that fraternal orders are the work of serpentine aliens and interbred humans who wish to supplant earth of its energy and later its very existence On the other side of the aisle books by high ranked Freemasons skeptical in tone but no less partisan in approach protect their organization s public image by denying the existence of its most contentious ideas *Ritual America* reveals the biggest secret of them all that the influence of fraternal brotherhoods on this country is vast fundamental and hidden in plain view In the early twentieth century as many as one third of America belonged to a secret society And though fezzes and tiny car parades are almost a thing of the past the Gnostic beliefs of Masonic orders are now so much a part of the American mind that the surrounding pomp and circumstance has become faintly unnecessary The authors of *Ritual America* contextualize hundreds of rare and many never before printed images with entertaining and far reaching commentary making an esoteric subject provocative exciting and approachable
