#### **Ross Forgery:**

The Ross Forgery William H. Hallahan, 2019-10-22 Ingenious crime fiction with a twisting shocker of a conclusion You wouldn't believe so much suspense and tension could be generated The Washington Post A Texas millionaire has everything under the sun including an impressive collection of Thomas J Wise forgeries He is the envy of every twentieth century book collector He is also the nemesis of New York tycoon Emmett O Kane who has everything under the sun but a Wise folio O Kane commissions Edgar Ross a brilliant down at the heels type designer to make him a Wise folio to create a forgery of a forgery But he wants Ross to go one step further He wants a Wise forgery that doesn't exist Ross knows this is not only an illegal undertaking it is an impossible one But he owes the Family a large gambling debt and he knows that the Family collects its debts in brutal often fatal ways Electrifying spellbinding beautifully plotted a terrific climax don't miss it The New York Times Fascinating The Times London Annual Report of the Attorney General of South Carolina to the General Assembly South Carolina. Supreme Court, Edward Bell Green, Frank Dale, John Henry Burford, Robert Lee Williams, Matthew John Kane, Howard Parker, C. W. Van Britain & Rome: Caesar to Claudius P.J. O'Gorman, 2022-06-16 This is a bold reassessment of Eaton, Nell C. Morgan, 1924 one of the pivotal points in British history PJ O Gorman analyses the sources for the period from Julius Caesar's first forays into these islands to the invasion under the Emperor Claudius and the conclusions he reaches are nothing short of radical and call into question much of the accepted narrative of Roman invasion and conquest The author starts by showing that Caesar's initial cross Channel adventures were motivated not so much by seeking the glory of taming primitive savages but to gain control of an economic powerhouse His treatment of the period leading up to the Claudian invasion and the invasion itself is even more shocking Most significantly he argues convincingly that two of the most important Roman sources underpinning the conventional narrative are in fact Renaissance fakes and that their acceptance has distorted the interpretation of modern archaeological evidence Meanwhile he reinstates a discounted British source The result is a startlingly different version of Britain's early history House Journal Kansas.
