**The Rothko Chapel Paintings** Sheldon Nodelman, 1997 The paintings executed in 1964 1967 by American artist Mark Rothko for the Rothko Chapel in Houston represent the fulfillment of the artist's lifelong ambition and a breakthrough in twentieth century art Unlike previous sets of paintings commissioned for the Seagram Building and Harvard University the Chapel commission allowed Rothko to determine the architectural setting and lighting in which the paintings would appear This proved to be the catalyst for a new mode of pictorial dynamics based on a kind of interaction of paintings architecture and light previously unknown No painting in the set could be understood in isolation from the rest or apart from its place in the architectural setting The Rothko Chapel Paintings explores this interdependence of paintings and place As viewers move about the Chapel's octagonal enclosure over whose walls the fourteen panels are continuously distributed they discover systems of pictorial interactions which become the terms or characters of a cosmological drama in which the viewer is a necessary participant In the act of vision the embodied viewer is prompted not merely to witness but also to reenact that questioning of human destiny which has preoccupied the Western spiritual tradition *The Rothko Chapel Paintings* Sheldon Nodelman, 1997 The paintings executed in 1964 1967 by American artist Mark Rothko for the Rothko Chapel in Houston represent the fulfillment of the artist's lifelong ambition and a breakthrough in twentieth century art Unlike previous sets of paintings commissioned for the Seagram Building and Harvard University the Chapel commission allowed Rothko to determine the architectural setting and lighting in which the paintings would appear This proved to be the catalyst for a new mode of pictorial dynamics based on a kind of interaction of paintings architecture and light previously unknown No painting in the set could be understood in isolation from the rest or apart from its place in the architectural setting The Rothko Chapel Paintings explores this interdependence of paintings and place As viewers move about the Chapel's octagonal enclosure over whose walls the fourteen panels are continuously distributed they discover systems of pictorial interactions which become the terms or characters of a cosmological drama in which the viewer is a necessary participant In the act of vision the embodied viewer is prompted not merely to witness but also to reenact that questioning of human destiny which has preoccupied the Western spiritual tradition The Rothko Chapel Dominique de Menil, 2010 This elegant collection commemorates the timeless words and inspired thoughts of Dominique de Menil a woman whose life's task was to inspire a better world With her husband John Dominique founded the inter religious Rothko Chapel in Houston in 1971 The de Menils dream was for the Chapel to promote interfaith dialogue human rights and the arts They famously commissioned the artist Mark Rothko to create a suite of paintings specifically for the Chapel Gathered here is a selection of de Menil's thought provoking speeches interviews letters and other commentaries beginning with her inaugural address for the Rothko Chapel and concluding with remarks she offered at a human rights award ceremony in 1997 The writings testify to de Menil's profound belief in the transcendent dimension of life and in the motivating power of the principles of truth and justice More

**Mark Rothko** Christopher Rothko, 2015-11-24 Mark Rothko 1903-1970 world renowned icon of Abstract Expressionism is rediscovered in this wholly original examination of his art and life written by his son Synthesizing rigorous critique with personal anecdotes Christopher the younger of the artist's two children offers a unique perspective on this modern master Christopher Rothko draws on an intimate knowledge of the artworks to present eighteen essays that look closely at the paintings and explore the ways in which they foster a profound connection between viewer and artist through form color and scale The prominent commissions for the Rothko Chapel in Houston and the Seagram Building murals in New York receive extended treatment as do many of the lesser known and underappreciated aspects of Rothko's oeuvre including reassessments of his late dark canvases and his formidable body of works on paper The author also discusses the artist's writings of the 1930s and 1940s the significance of music to the artist and our enduring struggles with visual abstraction in the contemporary era Finally Christopher Rothko writes movingly about his role as the artist's son his commonalities with his father and the terms of the relationship they forged during the writer's childhood Mark Rothko From the Inside Out is a thoughtful reexamination of the legendary artist serving as a passionate introduction for readers new to his work and offering a fresh perspective to those who know it well

**Saving Abstraction** Ryan Dohoney,2019-10-25 Saving Abstraction Morton Feldman the de Menils and the Rothko Chapel tells the story of the 1972 premier of Morton Feldman's music for the Rothko Chapel in Houston Built in 1971 for people of all faiths or none the chapel houses 14 monumental paintings by famed abstract expressionist Mark Rothko who had committed suicide only one year earlier Upon its opening visitors responses to the chapel ranged from spiritual succor to abject tragedy the latter being closest to Rothko's intentions However the chapel's founders art collectors and philanthropists Dominique and John de Menil opened the space to provide an ecumenically and spiritually affirming environment that spoke to their avant garde approach to Catholicism A year after the chapel opened Morton Feldman's musical work Rothko Chapel proved essential to correcting the unintentionally grave atmosphere of the de Menil's chapel translating Rothko's existential dread into sacred ecumenism for visitors Author Ryan Dohoney reconstructs the network of artists musicians and patrons who collaborated on the premier of Feldman's music for the space and documents the ways collaborators struggled over fundamental questions about the emotional efficacy of art and its potential translation into religious feeling Rather than frame the debate as a conflict of art versus religion Dohoney argues that the popular claim of modernism's autonomy from religion has been overstated and that the two have been continually intertwined in an agonistic tension that animates many 20th century artistic collaborations **Mark Rothko** Annie Cohen-Solal,2015-01-01 Mark Rothko was not only one of the most influential American painters of the twentieth century he was a scholar an educator and a deeply spiritual human being Born Marcus Yakovlevich Rotkovitch he emigrated from the Russian Empire to the United States at age ten already well educated in the Talmud and carrying with him bitter memories of the pogroms and persecutions visited upon the Jews of Latvia Few artists have achieved success as quickly and by the mid twentieth century Rothko's artwork was being displayed in major museums throughout the world In May 2012 his painting Orange Red Yellow was auctioned for nearly 87 million setting a new Christie's record Author Annie Cohen Solal gained access to archival materials no previous biographer had seen As a result her book is an extraordinarily detailed portrait of Rothko the man and

the artist an uncommonly successful painter who was never comfortable with the idea of his art as a commodity     *Mark Rothko* Julia Davis,1998     **The Rothko Chapel** Susan Barnes,2020-02     *~THEœ ROTHKO CHAPEL.* Susan J.
