Collected here for the first time are the eloquent musings of over 1 000 writers and speakers on the beauty mystery and power of the sea **Using Language** Herbert H. Clark, 1996-05-16 Herbert Clark argues that language use is more than the sum of a speaker speaking and a listener listening It is the joint action that emerges when speakers and listeners writers and readers perform their individual actions in coordination as ensembles In contrast to work within the cognitive sciences which has seen language use as an individual process and to work within the social sciences which has seen it as a social process the author argues strongly that language use embodies both individual and social processes **THE LADIES'**
