**Thomas Jefferson's Qur'an** Denise Spellberg, 2014-07-01 In this original and illuminating book Denise A Spellberg reveals a little known but crucial dimension of the story of American religious freedom a drama in which Islam played a surprising role In 1765 eleven years before composing the Declaration of Independence Thomas Jefferson bought a Qur'an This marked only the beginning of his lifelong interest in Islam and he would go on to acquire numerous books on Middle Eastern languages history and travel taking extensive notes on Islam as it relates to English common law Jefferson sought to understand Islam notwithstanding his personal disdain for the faith a sentiment prevalent among his Protestant contemporaries in England and America But unlike most of them by 1776 Jefferson could imagine Muslims as future citizens of his new country Based on groundbreaking research Spellberg compellingly recounts how a handful of the Founders Jefferson foremost among them drew upon Enlightenment ideas about the toleration of Muslims then deemed the ultimate outsiders in Western society to fashion out of what had been a purely speculative debate a practical foundation for governance in America In this way Muslims who were not even known to exist in the colonies became the imaginary outer limit for an unprecedented uniquely American religious pluralism that would also encompass the actual despised minorities of Jews and Catholics The rancorous public dispute concerning the inclusion of Muslims for which principle Jefferson's political foes would vilify him to the end of his life thus became decisive in the Founders ultimate judgment not to establish a Protestant nation as they might well have done As popular suspicions about Islam persist and the numbers of American Muslim citizenry grow into the millions Spellberg's revelatory understanding of this radical notion of the Founders is more urgent than ever Thomas Jefferson's Qur'an is a timely look at the ideals that existed at our country's creation and their fundamental implications for our present and future
