**European Writers in Exile** Robert C. Hauhart, Jeff

Birkenstein, 2018-10-26 *European Writers in Exile* collects a series of original essays that address the writer's universal existential dilemma when viewed through the lens of exile who am I where am I from and what do I write and to whom While we often understand the term exile to refer to writers who have either been forced to leave their home country or region or chosen self exile this term need not be defined so narrowly and the contributors to this volume explore a range of interesting and evolving definitions Various countries in Europe have long been both a refuge for people and writers from many countries and a strife torn region which has forced many to flee within the continent or beyond it The phrase in exile involves writers moving across borders in multiple directions and for multiple reasons including for reasons of duress or personal quest and these themes are addressed and critiqued in these essays This volume naturally examines the cataclysmic and near universal exilic experiences relating to the world wars including essays on Thomas Mann Vladimir Nabokov Hannah Arendt and Leo Strauss Additionally essays address the unique early twentieth century experiences of Emile Zola Franz Kafka Joseph Conrad and James Joyce More contemporary essay subjects include Milan Kundera Norman Manea Eva Hoffman Caryl Phillips and W G Sebald This collection of transnational globalized European literature studies envisions understanding the intersection of our contemporary world and various writers in exile in new cultural historical spatial and epistemological frameworks How does literary production in an increasingly globalized world when seen from exile affect a view back towards a country or region left behind Or conversely how does exile push a writer to look outward to new trans nationalized spaces These and other questions are important to investigate Taken in sum *European Writers in Exile* offers an academically rigorous important and cohesive volume

**Sleep and the Novel** Michael Greaney, 2018-04-04

*Sleep and the Novel* is a study of representations of the sleeping body in fiction from 1800 to the present day which traces the ways in which novelists have engaged with this universal indispensable but seemingly nondescript region of human experience Covering the narrativization of sleep in Austen the politicization of sleep in Dickens the queering of sleep in Goncharov the aestheticization of sleep in Proust and the medicalization of sleep in contemporary fiction it examines the ways in which novelists envision the figure of the sleeper the meanings they discover in human sleep and the values they attach to it It

argues that literary fiction harbours on its margins a sleeping partner one that we can nickname the Schlafroman or sleep novel whose quiet absorption in the wordlessness and passivity of human slumber subtly complicates the imperatives of self awareness and purposive action that traditionally govern the novel      **Byron and Latin Culture** Peter Cochran, 2014-07-18 Byron and Latin Culture consists of twenty three papers most of which were given at the 37th International Byron Conference at Valladolid Spain in July 2011 An introduction by the editor describes in detail the huge influence which the major Latin poets had on Byron his borrowings imitations parodies and echoes have never been catalogued in such detail and it becomes clear that many ideas central to Don Juan in particular derive from Ovid Virgil Petronius Martial and the other great classical writers There are substantial sections on the ways Byron was influenced by and in turn influenced the literature and art of France Spain Italy and other nations Contributors include John Clubbe Richard Cardwell Madeleine Callaghan Alice Levine Itsuyo Higashinaka Olivier Feignier Katherine Kernberger and Stephen Minta      *Educational Theory and Jewish Studies in Conversation* Harvey Shapiro, 2013 Educational Theory and Jewish Studies in Conversation From Volozhin to Buczacz by Harvey Shapiro PhD brings together two different fields of study modern Jewish studies and contemporary educational theory to provide new theoretical frameworks for their interaction Although Jewish studies and education programs at secular universities have joined denominational and transdenominational institutions of higher learning in adopting a dual or parallel course structure there has been little scholarly attention given to the basis for doing so Shapiro provides alternative theoretical frameworks for the relationship between Jewish studies and educational theory and discusses different ways of developing and articulating these relationships between disciplines Shapiro shows what is at stake when students and faculty think and communicate together across discourses in particular between the fields of education and Jewish studies Presenting an alternative to conventional notions of interdisciplinarity this book's import extends to virtually all relationships between the humanities and professional education when these different discourses illuminate and challenge one another      Kozintsev's Shakespeare Films Tiffany Ann Conroy Moore, 2012-11-08 This book is a study of Grigory Kozintsev's two cinematic Shakespeare adaptations Hamlet Gamlet 1964 and King Lear Korol Lir 1970 The films are considered in relation to the historical artistic and cultural contexts in which they appear and in relation to the contributions of Dmitri Shostakovich who wrote the films scores and Boris Pasternak whose translations Kozintsev used The films are analyzed respective to their place in the translation and performance history of Hamlet and King Lear from their first appearances in Tsarist Russian arts and letters In particular this study is concerned with the ways in which these plays have been used as a means to critique the government and the country's problems in an age in which official censorship was commonplace Kozintsev's films as well as his theatrical productions of Hamlet and Lear continue along this trajectory of protest by providing a vehicle for him and his collaborators to address the oppression violence and corruption of Soviet society It was just this sort of covert political protest that finally effected the dissolution and fall of the USSR      *Rethinking*

*Prokofiev* Rita McAllister, Christina Guillaumier, 2020-01-23 Among major 20th century composers whose music is poorly understood Sergei Prokofiev stands out conspicuously The turbulent times in which Prokofiev lived and the chronology of his travels he left Russia in the wake of Revolution and returned at the height of the Stalinist purges have caused unusually polarized appraisals of his music While individual distinctive and instantly recognizable Prokofiev's music was also idiosyncratically tonal in an age when tonality was largely passé Prokofiev's output therefore has been largely elusive and difficult to assess against contemporary trends More than sixty years after the composer's death editors Rita McAllister and Christina Guillaumier offer *Rethinking Prokofiev* as an assessment that redresses this enigmatic composer's legacy Often more political than artistic these appraisals have depended not only upon the date of publication but also the geographical location of the writer Commissioned from some of the most distinguished and rising scholars in the field this collection highlights the background and context of Prokofiev's work Contributors delve into the composer's relationship to nineteenth century Russian traditions Silver Age and Symbolist composers and poets the culture of Paris in the 1920s and 30s and to his later Soviet colleagues and younger contemporaries They also investigate his reception in the West his return to Russia and the effect of his music on contemporary popular culture Still the main focus of the book is on the music itself his early experimental piano and vocal works as well as his piano concertos operas film scores early ballets and late symphonies Through an empirical examination of his characteristic harmonies melodies cadences and musical gestures and through an analysis of the newly uncovered contents of his sketch books contributors reveal much of what makes Prokofiev an idiosyncratic genius and his music intriguing often dramatic and almost always beguiling *Stepchildren of the Shtetl* Natan M. Meir, 2020-07-14 Memoirs of Jewish life in the east European shtetl often recall the hekdesht town poorhouse and its residents beggars madmen and madwomen disabled people and poor orphans *Stepchildren of the Shtetl* tells the story of these marginalized figures from the dawn of modernity to the eve of the Holocaust Combining archival research with analysis of literary cultural and religious texts Natan M Meir recovers the lived experience of Jewish society's outcasts and reveals the central role that they came to play in the drama of modernization Those on the margins were often made to bear the burden of the nation as a whole whether as scapegoats in moments of crisis or as symbols of degeneration ripe for transformation by reformers philanthropists and nationalists Shining a light into the darkest corners of Jewish society in eastern Europe from the often squalid poorhouse of the shtetl to the slums and insane asylums of Warsaw and Odessa from the conscription of poor orphans during the reign of Nicholas I to the cholera wedding a magical ritual in which an epidemic was halted by marrying outcasts to each other in the town cemetery *Stepchildren of the Shtetl* reconsiders the place of the lowliest members of an already stigmatized minority *The Films of Bong Joon Ho* Nam Lee, 2020-09-29 Bong Joon Ho won the Oscar for Best Director for *Parasite* 2019 which also won Best Picture the first foreign film to do so and two other Academy Awards *Parasite* was the first Korean film to win the Palme d'Or at Cannes These achievements mark a new career

peak for the director who first achieved wide international acclaim with 2006's monster movie *The Host* and whose forays into English language film with *Snowpiercer* 2013 and *Okja* 2017 brought him further recognition. As this timely book reveals, even as Bong Joon Ho has emerged as an internationally known director, his films still engage with distinctly Korean social and political contexts that may elude many Western viewers. *The Films of Bong Joon Ho* demonstrates how he hybridizes Hollywood conventions with local realities in order to create a cinema that foregrounds the absurd cultural anomie Koreans have experienced in tandem with their rapid economic development. Film critic and scholar Nam Lee explores how Bong subverts the structures of the genres he works within from the crime thriller to the sci-fi film in order to be truthful to Korean realities that often deny the reassurances of the happy Hollywood ending. With detailed readings of Bong's films from *Barking Dogs Never Bite* 2000 through *Parasite* 2019, the book will give readers a new appreciation of this world-class cinematic talent.
