mix of exotic units drawn from across their respective empires The French fielded Zouaves and Spahis from North and West Africa not to mention the legendary Foreign Legion the Ottomans had Tunisians and Egyptians alongside Balkan mountaineers and the infamous Bashi bazouks the Russians of course had their Cossacks and the British fielded little known German Swiss and Italian mercenaries Gabriele Esposito details the composition organization uniforms and weaponry of each force and illustrates many of them with early black and white photos this being the first major war for which photography was available as well as numerous color artworks
