Association, Royal Historical Society
(Great Britain)**

Royal Air Force The An Illustrated History:

The Official Illustrated History of RAF Search and Rescue Paul E Eden, 2020-07-09 In February 2016 the RAF's Search and Rescue Force SARF celebrated its 75th anniversary In June that year the world renowned and universally admired service was officially disbanded despite attempts from many including HRH Prince William to save it as part of the RAF This book is an official fully illustrated in depth account of the SARF's rich and glorious history from its origins in World War II through to its recent withdrawal The book contains a foreword by HRH Prince William himself plus action packed and awe inspiring photographs from the RAF's archive of photographs and exclusive interviews with former crewmembers telling their own dramatic stories of derring do Officially endorsed by the RAF An Illustrated History of the RAF Search and Rescue Force is the first and probably the only major book of its kind written on this subject It is an essential purchase for anyone with an interest in military history British history the Royal Family and those who love stories of extreme and daring rescue missions The Royal Air Force M. J. Armitage, 1993 **The Royal Air Force** M. J. Armitage, 1998 **The Royal Air Force: The Trenchard Years, 1918-1929** Ian M. Philpott, 2005-07-19 The inter war years between 1918 and 1939 saw the newly created Royal Air Force fighting for its very existence politically being dispatched to the remotest corners of the British Empire and its Protectorates in various policing roles and then finally engaged in a headlong rush to modernize in the face of the new German Fascist regime that was threatening British and European freedom Yet this important period in RAF history and its effect on political and military rationale during the period has never been completely documented This exhaustive and comprehensive reference is the most detailed work to be published on the subject The author gives full information on the changing structure of the Force during the period squadron operations political machinations and their effects the airplanes and their equipment the personnel technical advances in navigation and breakthroughs achieved in engine performance The book is cross referenced throughout extremely well illustrated and contains an abundance of location maps and other diagrams This book will become a Bible for anyone interested in the history of the RAF This work has been reviewed by personnel at the RAF Historical Branch who praise it *The Illustrated History of the Air Forces of World War I & World War II* Christopher Chant, 1979 Royal Air Force Continuum International Publishing Group, Limited, 1999-05 **The Territorial Air Force** Frances Louise Wilkinson, 2020-11-23 What is almost certainly the definitive account of the Auxiliary Air Force the Special Reserve and the Royal Air Force Volunteer Reserve Paul Nixon Army Ancestry Research To date little has been written about the Territorial Air Force as a voluntary military organization and no sustained analysis of its recruitment and social composition undertaken Made up of three different parts the Auxiliary Air Force the Special Reserve and the Royal Air Force Volunteer Reserve these three separate and different groups have not featured significantly in existing literature Along with a history of the Territorial Air Force this book includes an analysis of how the volunteers joined and what kinds of men were accepted into the organizations as both pilots and officers The influences class

and social status had on recruitment in the run up to the Second World War are also discussed There is an exploration of the key differences between the Auxiliary squadrons and the SR squadrons as well as the main reasons for the idea of merging the SR squadrons into the AAF squadrons Briefly discussed are the newly formed University Air Squadrons that were set up to promote air mindedness and to stimulate an interest and research on matters aeronautical Military voluntarism continued to play a key role in the defense of twentieth century Britain and class ceased to be the key determining factor in the recruitment of officers as the organizations faced new challenges Within both the AAF and the RAFVR the pre war impression of a gentlemen s flying club finally gave way to a more meritocratic culture in the post war world

The Royal Auxiliary Air Force Frances Louise Wilkinson,Tony Freeman,2023-09-30 Owing its origins to Lord Trenchard s desire to establish an elite corps of civilians who would serve their country in flying squadrons during their spare time the Auxiliary Air Force AAF was first formed in October 1924 Today the Royal Auxiliary Air Force RAuxAF is the primary reinforcement capability for the regular RAF It consists of paid volunteers who at weekends evenings and holidays train to support the RAF particularly in times of national emergency and conflict This has seen the AAF play important roles in the Battle of Britain its squadrons claiming 30 per cent of enemy kills Other notable achievements by AAF pilots include the first German aircraft destroyed over the British mainland and its territorial waters the first U boat to be destroyed with the aid of airborne radar the first destruction of a V 1 flying bomb and an AAF squadron claimed the highest score of any British night fighter squadron It was an AAF squadron which was the first to be equipped with jet powered aircraft Receiving Royal status in 1947 in recognition of its contribution to victory in the Second World War the RAuxAF also came to the fore during the Cold War providing home defense as the regular squadrons were shipped to hotspots around the world In more recent times squadrons and personnel of the RAuxAF have seen action in Iraq and Afghanistan This book presents for the first time the history and development of all the squadrons and units that made up the Auxiliary and the Royal Auxiliary Air Force including the Balloon Squadrons the Maritime Headquarters Units Fighter Control and Radar Reporting Units Royal Auxiliary Air Force Regiments and of course the Women s Auxiliary Air Force These devoted warriors continue to serve alongside the regular forces in defense of the United Kingdom ready to be called into action whenever their country is in time of need

For the Love of the Air Force Norman Ferguson,2017-09-14 This miscellany brings together the history of the RAF the people the aviation lingo and time honoured traditions of the force we know today Whether you have RAF experience or you re an enthusiastic supporter from the ground this remarkable volume will be your guide to the oldest independent air force in the world Chocks away

[A Bibliography of British History, 1914-1989](#) Keith Robbins,American Historical Association,Royal Historical Society (Great Britain),1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index

An Illustrated History of the RAF Roy

Conyers Nesbit, 2002 A comprehensive and fully illustrated history of the Royal Air Force that ranges from the early days of balloons and experimental flying machines through two world wars the Cold War the Falklands campaign and up to the present day Many of the photographs have never been published before Encyclopedia of World War II Alan Axelrod, 2007 A reference to the ideological military political biographical and social topics surrounding World War II which is often considered the pivotal event of the twentieth century *The Development of British Tactical Air Power, 1940-1943* Matthew Powell, 2016-09-10 This book explores the development of tactical air power in Britain between 1940 and 1943 through a study of the Royal Air Force s Army Co operation Command It charts the work done by the Command during its existence and highlights the arguments between the RAF and Army on this contentious issue in Britain Much is known about the RAF both in the years preceding and during the Second World War particularly the exploits of Fighter Bomber and Coastal Commands yet the existence of the RAF s Army Co operation Command is little known Through extensive archival research Matthew Powell maps the creation and work of the RAF s Army Co operation Command through an analysis of tactical air power developments during the First World War and inter war periods highlighting the debates and arguments that took place between the Air Ministry and the War Office **The Hercules** Gordon A. A. Wilson, 2024-08-15 What links the Bristol Aeroplane Company Armstrong Whitworth AVRO Short Brothers PLC Handley Page Ltd and Vickers Aviation The Hercules engine *BRITISH WAR FILMS, 1939 - 45* S. P. Mackenzie, 2001-01-01 The cinema was the most popular form of entertainment during the Second World War Film was a critically important medium for influencing opinion Films such as *In Which We Serve* and *One of Our Aircraft is Missing* shaped the British people s perceptions of the conflict *British War Films 1939 45* is an account of the feature films produced during the war rather than government documentaries and official propaganda making the book an important index of British morale and values at a time of desperate national crisis The Price of Victory: A Naval History of Britain: 1815?1945 N. A. M. Rodger, 2025-05-13 The final installment of N A M Rodger s definitive authoritative trilogy on Britain s naval history Across two acclaimed volumes preeminent naval historian N A M Rodger has traced the progress of naval warfare in Britain from the seventh century through to Trafalgar combining decades of scholarship with original insights and analysis In this final volume N A M Rodger delivers a magisterial history of the Royal Navy beginning after its defeat of Napoleon and concluding in 1945 with the Second World War At the end of the French and Napoleonic Wars British sea power was at its apogee But by 1840 as one contemporary commentator put it the Admiralty was full of intellects becalmed in the smoke of Trafalgar How the Royal Navy reformed and reinvigorated itself in the course of the nineteenth century is just one thread in this magnificent book which refuses to accept standard assumptions and analyses Rodger s comprehensive narrative goes beyond the conduct of war at sea to tell a sprawling story of naval warfare as a national endeavor As in previous volumes the social history of officers and men and now also women has a prominent place Along the way he describes the development and strategic significance of submarine and navy air forces and the rapid

evolution of weapons and ships from classic Nelsonian type to hybrid steam sail ships then armor clad and the fully armored Dreadnoughts and beyond He assesses the character and importance of leading admirals Beatty Fisher Cunningham together with the roles of other less famous but no less consequential figures Rodger sets all this in the essential context of politics and geo strategy Based on a lifetime s learning *The Price of Victory* is a masterful culmination of one of the most significant British historical works in recent decades Naval specialists will find much that is new and will be invigorated by the originality of Rodger s judgments but everyone who is interested in one of the central threads in British history will find it rewarding

Air Power at the Battlefront Dr Ian Gooderson,2013-05-13 Ian Gooderson presents a study of close air support in World War II with the analysis focusing on the use of tactical air power by British and American forces during the campaigns in Italy and northwestern Europe between 1943 and 1945

Review of Current Military Literature ,1937

Australian National Bibliography ,1978

Reader's Guide to Military History Charles Messenger,2013-10-31 This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th century intervention operations Designed for a wide variety of users it encompasses general reviews of aspects of military organization and science as well as specific wars and conflicts The book examines naval and air warfare as well as significant individuals including commanders theorists and war leaders Each entry includes a listing of additional publications on the topic accompanied by an article discussing these publications with reference to their particular emphases strengths and limitations
