The Royal Residences of Great Britain Neville Williams,1960 **Buckingham Palace** Charles River

Editors,2017-03-14 Includes pictures Includes contemporary accounts of Buckingham Palace Includes online resources and a bibliography for further reading We think of medieval England as being a place of unbelievable cruelty and darkness and superstition We think of it as all being about fair maidens in castles and witch burning and a belief that the world was flat Yet all these things are wrong Terry Jones I'm glad we've been bombed It makes me feel I can look the East End in the face The Queen Mother in 1940 after Buckingham Palace had been bombed by the Nazis When people think of the British Royal family and more specifically where they live the first image that often pops into mind is that of stately Buckingham Palace with its changing of the guard and the occasional royal coach leaving or entering Others may think of the royal country estate of Windsor Castle a favorite of both Britain's longest reigning and second longest reigning monarchs And there was a time when both royal residences played second fiddle to a much better known home the elegant Kensington Palace In his multi volume work Old and New London 1878 Edward Walford wrote It has often been said by foreigners that if they were to judge of the dignity and greatness of a country by the palace which its sovereign inhabits they would not be able to ascribe to Her Majesty Queen Victoria that proud position among the crowned heads of Europe which undoubtedly belongs to her But though Buckingham Palace is far from being so magnificent as Versailles is or the Tuilleries once were yet it has about it an air of solidity and modest grandeur which renders it no unworthy residence for a sovereign who cares more for a comfortable home than for display This is ultimately what palaces are all about power and impressions Buckingham Palace is not different for though it was originally built as a home of a private citizen once a king bought it its future was sealed Walford continued Indeed it has often been said that with the exception of St James's Buckingham Palace is the ugliest royal residence in Europe and although vast sums of money have been spent at various times upon its improvement and embellishment it is very far from being worthy of the purpose to which it is dedicated lodging the sovereign of the most powerful monarchy in the world It fronts the western end of St James's Park which here converges to a narrow point the Mall upon the north and Birdcage Walk upon the south almost meeting before its gates While this was often true fortunately it was just as often untrue as men and women of high and low rank worked through the years in times of life and death and peace and war to make it a home the British people could be proud of Buckingham Palace The History of the British Royal Family's Most Famous Residence examines the long and storied history of one of England's most famous landmarks Along with pictures depicting important people places and events you will learn about Buckingham Palace like never before Frommer's?

Journal of the Royal Asiatic Society of Great Britain & Ireland Royal Asiatic Society of Great Britain and Ireland, 1928

The Oxford Handbook of Later Medieval Archaeology in Britain Christopher Gerrard, Alejandra Gutiérrez, 2018-01-11 The Middle Ages are all around us in Britain The Tower of London and the castles of Scotland and Wales are mainstays of cultural tourism and an inspiring cross section of later medieval finds can now be seen on display in museums across England Scotland and Wales Medieval institutions from Parliament and monarchy to universities are familiar to us and we come into contact with the later Middle Ages every day when we drive through a village or town look up at the castle on the hill visit a local church or wonder about the earthworks in the fields we see from the window of a train The Oxford Handbook of Later Medieval Archaeology in Britain provides an

overview of the archaeology of the later Middle Ages in Britain between AD 1066 and 1550 61 entries divided into 10 thematic sections cover topics ranging from later medieval objects human remains archaeological science standing buildings and sites such as castles and monasteries to the well preserved relict landscapes which still survive This is a rich and exciting period of the past and most of what we have learnt about the material culture of our medieval past has been discovered in the past two generations This volume provides comprehensive coverage of the latest research and describes the major projects and concepts that are changing our understanding of our medieval heritage
