**Rough Guides**

## **Royal Tombs Of Sipán:**

Royal Tombs of Sipán Walter Alva, Christopher B. Donnan, 1993 *Royal Tombs of Sipán* was written to serve as a catalogue for the museum exhibition of the same name. Its primary aim is to provide an account of the discovery, excavation, and current interpretation of the three royal tombs that were scientifically recovered from Sipán between 1987 to 1990. We have tried to relate them to the royal tomb that so tragically was looted at Sipán before the archaeological work began and to demonstrate the value of careful archaeological excavation as opposed to clandestine looting. Preface *Royal Tombs of Sipán* Walter Alva, Christopher B. Donnan, University of California, Los Angeles. Fowler Museum of Cultural History, 1993. Originally a catalogue to accompany an exhibition of the finds from the excavation of the three royal Moche tombs. The rich finds which were recovered are well illustrated here. Royal Tombs of Sipán, 1993 **The Art and Archaeology of the Moche** Steve Bourget, Kimberly L. Jones, 2009-06-03. Renowned for their monumental architecture and rich visual culture, the Moche inhabited the north coast of Peru during the Early Intermediate Period AD 100-800. Archaeological discoveries over the past century and the dissemination of Moche artifacts to museums around the world have given rise to a widespread and continually increasing fascination with this complex culture which expressed its beliefs about the human and supernatural worlds through finely crafted ceramic and metal objects of striking realism and visual sophistication. In this standard setting, work by an international multidisciplinary team of scholars who are at the forefront of Moche research presents a state-of-the-art overview of Moche culture. The contributors address various issues of Moche society, religion, and material culture based on multiple lines of evidence and methodologies including iconographic studies, archaeological investigations, and forensic analyses. Some of the articles present the results of long-term studies of major issues in Moche iconography, while others focus on more specifically defined topics such as site studies, the influence of El Niño Southern Oscillation on Moche society, the nature of Moche warfare and sacrifice, and the role of Moche visual culture in decoding social and political frameworks.

**The Secrets of Ancient Tombs** Federico Puigdevall, 2017-12-15. Due to a lack of artifacts, certain aspects of ancient life remain mysterious to us. Luckily, many ancient cultures left behind treasure troves designed to stand the test of time: tombs for the most elite among them. This exciting volume reveals how archaeologists discovered the tombs of King Tutankhamen, Qin Shi Huang, the Lord of Sipán, and many more. Through full-color photographs, maps, and text that answers common questions, the book provides a comprehensive look at how these discoveries provide critical information about the lives, art, health, and religious beliefs of people who lived thousands of years ago. *A Visual History of Archaeological Discoveries Around the World* Joan Soriano Campos, 2016-12-15. This captivating book offers young readers a chance to explore world archaeology as if they're really there. With stunning images, readers will be able to explore the remains of the men and women who lived hundreds of thousands of years ago and of hominoids of millions of years ago. The book explores sites in Africa, the Americas, Europe, Asia, and Oceania. It then *Rhetorics of the Americas* D. Baca, V. Villanueva, 2009-12-07. This is the first work to

begin to fill a gap an understanding of discourse aimed to persuade within the Pre Columbian Americas The contributors in this collection offer glimpses of what those indigenous rhetorics might have looked like and how their influences remain The reader is invited to recognize the invention of the Americas providing other ways to contemplate material life prior to contemporary capitalism telling us about the global from long ago to current global capitalism This book is the drop that will ripple creating new lines of inquiry into language use within the Americas and the legacies of genocide conquest and cultural survival

**Illicit Antiquities** Neil Brodie, Kathryn Walker Tubb, 2003-08-27 The exploitation of archaeological sites for commercial gain is a serious problem worldwide In peace and during wartime archaeological sites and cultural institutions both on land and underwater are attacked and their contents robbed for sale on an international antiquities market Objects are excavated without record smuggled across borders and sold for exorbitant prices in the salesrooms of Europe and North America In some countries this looting has now reached such a scale as to threaten the very survival of their archaeological and cultural heritage This volume highlights the deleterious effects of the trade on cultural heritage but in particular it focuses upon questions of legal and local responses How can people become involved in the preservation of their past and what in economic terms are the costs and benefits Are international conventions or export restrictions effective in diminishing the volume of the trade and the scale of its associated destruction

**A Prehistory of South America** Jerry D. Moore, 2014-07-09 A Prehistory of South America is an overview of the ancient and historic native cultures of the entire continent of South America based on the most recent archaeological investigations This accessible clearly written text is designed to engage undergraduate and beginning graduate students in anthropology For more than 12 000 years South American cultures ranged from mobile hunters and gatherers to rulers and residents of colossal cities In the process native South American societies made advancements in agriculture and economic systems and created great works of art in pottery textiles precious metals and stone that still awe the modern eye Organized in broad chronological periods A Prehistory of South America explores these diverse human achievements emphasizing the many adaptations of peoples from a continent wide perspective Moore examines the archaeologies of societies across South America from the arid deserts of the Pacific coast and the frigid Andean highlands to the humid lowlands of the Amazon Basin and the fjords of Patagonia and beyond Illustrated in full color and suitable for an educated general reader interested in the Precolumbian peoples of South America A Prehistory of South America is a long overdue addition to the literature on South American archaeology
